Smith, 2010-09-23 Bayesian decision analysis supports principled decision making in complex domains This textbook takes the reader from a formal analysis of simple decision problems to a careful analysis of the sometimes very complex and data rich structures confronted by practitioners The book contains basic material on subjective probability theory and multi attribute utility theory event and decision trees Bayesian networks influence diagrams and causal Bayesian networks The author demonstrates when and how the theory can be successfully applied to a given decision problem how data can be sampled and expert judgements elicited to support this analysis and when and how an effective Bayesian decision analysis can be implemented Evolving from a third year undergraduate course taught by the author over many years all of the material in this book will be accessible to a student who has completed introductory courses in probability and mathematical statistics

Foolish Games Lilliana Anderson, 2018-07-19 I didn t have an easy life Waiting tables for a function centre was about as good as life got for me There were no tips unless telling me I had a great arse could be considered a tip but it was enough for me to live on barely Everything else I needed I took And I was never caught except that one time when these brothers and some weird chick busted me for stealing their car It was their fault I took it They shouldn t have left their keys where I could find them And it was a sweet ride I chucked a couple of donuts in that thing and it smoked up like a charm Good times Anyway those guys took the car back turned my boyfriend into a pussy and ended up making me homeless When I saw that same car again in the function centre parking lot I couldn t resist I pulled out my keys and started scratching C U busted I should ve known it was a bad idea but I never was one to listen to my conscience Suddenly I was locked in a room while a

family of five ridiculously hot brothers argued over what to do with me Their mother wanted me dead but they were insisting that stealing and vandalism weren't necessarily grounds for a beheading I was on their side I quite liked my head even though it seemed like I'd just gotten myself in way over it But do you know what was crazy The brother I'd stolen from the one who'd caught me defacing his car was now watching me like a lion watches a big juicy steak Hmm maybe I could spin this in my favour after all
