At a recent meeting of the world's leading car manufacturers, the subject of safety was discussed. It was agreed that the best way to improve car safety was to make the car's body more resistant to damage. This was done by using a new material called 'Kevlar'. This material is very strong and is used in many other products. It is also very light and does not add much weight to the car. This means that the car's performance is not affected. The new car is called the 'Kevlar Car' and is the safest car in the world. It is also the most comfortable and the most stylish. It is the perfect car for everyone.
