La Question Religieuse En Chine:

La question religieuse en Chine Vincent Goossaert, David A. Palmer, 2012-11-15 Confucianisme bouddhisme taoïsme islam christianisme catholicisme l'alaïsme Les religions investissent une Chine que l'on aurait pu croire sécularisée par des décennies de communisme Cette vie religieuse foisonnante loin d'être reliée au folklore aux marges ou aux lieux communs des anciens sages est restée un fait social total Suivant cette thèse Vincent Goossaert et David A. Palmer présentent une étude des transformations de ces religions prises dans l'histoire du siècle En convoquant une analyse de l'idéologie d'État des pratiques des temples et des églises des relations internationales et des valeurs morales ils nous invitent à comprendre les sources et les termes de la tension politique que constitue aujourd'hui la question religieuse en Chine Une perspective nouvelle sur la façon de penser l'articulation de la pratique religieuse avec la modernité de cette superpuissance et les problèmes qu'elle lui impose

Le protectorat des missions catholiques en Chine et la politique de la France en Extrême-Orient Paul Victor Boell, 1899

Contemporary China Gilles Guiheux, 2023-05-18 With a population of nearly 1.5 billion and the world's second largest economy China is a major player in the world today and yet many in the West know very little about contemporary China This book provides a clear authoritative and up to date history of China since 1949 drawing on extensive research to describe and explain the key developments and to dispel the many myths and misconceptions surrounding this twenty first century superpower In contrast to many commentators who overstate the novelty of the Communist regime Guiheux emphasizes instead its complex political heritage highlighting the many continuities it shares with the reformers and revolutionaries of the early twentieth century At the same time the ability of China's authoritarian regime to transform the economy and society is key to understanding its breakneck trajectory of modernization an ability that as Guiheux explains far outweighed the importance and effectiveness of Mao's utopian vision Guiheux also aims to de-exoticize China While not on the path of a Western style modernity China has experienced the same phenomena that have characterized every historical process of modernization industrialization urbanization bureaucratization and globalization This expertly researched history of the People's Republic of China will be essential reading for all students and scholars of Chinese history and politics and for anyone interested in contemporary China

Discours sur la théologie naturelle des Chinois Gottfried Wilhelm Leibniz, 1987

Bureaucratie et salut Vincent Goossaert, 2017-09-27 La divinisation de soi constitue en Chine une option originale dans l'ventail des possibles destins posthumes de l'individu Dans ce livre Vincent Goossaert rivalise le modèle d'un au-delà chinois peuplé d'ancêtres et remet en lumière une alternative tout aussi crédible si ce n'est plus enviable celle pour l'homme de devenir un dieu Ce faisant le livre retrace les grandes tapes de l'histoire des conceptions et pratiques religieuses de la divinisation de l'Antiquité nos jours Loin de la vision répandue d'un imaginaire fantasmatique essentiellement tourné vers le culte des ancêtres la Chine se présente ici comme un terrain d'expérimentation des destins individuels au-delà de la mort

La politique missionnaire de la France en Chine 1842-1856 Tsing-sing Louis Wei, 1961

Négocier la place de l'islam

chinois Jérôme Doyon, 2014-04-01 A travers l'exemple de l'islam cet ouvrage nous plonge dans les interactions concrètes entre l'Etat et le religieux en Chine Cette étude montre que le lien entre Etat et communauté religieuse n'est pas un simple rapport de contrôle et de répression Ainsi en analysant les liens personnels des dirigeants associatifs et cadres de l'Etat parti il montre comment les associations islamiques peuvent développer leur autonomie vis-à-vis des autorités et augmenter leur poids économique par des activités culturelles touristiques et commerciales
