Medieval Sensibilities Damien Boquet,Piroska Nagy,2018-07-26

What do we know of the emotional life of the Middle Ages Though a long neglected subject a multitude of sources spiritual and secular literature iconography chronicles as well as theological and medical works provide clues to the central role emotions played in medieval society In this work historians Damien Boquet and Piroska Nagy delve into a rich variety of texts and images to reveal the many and nuanced experiences of emotion during the Middle Ages from the demonstrative shame of a saint to a nobleman s fear of embarrassment from the enthusiasm of a crusading band to the fear of a town threatened by the approach of war or plague Boquet and Nagy show how these outbursts of joy and pain while universal expressions must be understood within the specific context of medieval society During the Middle Ages a Christian model of affectivity was formed in the laboratory of the monasteries one which gradually seeped into wider society interacting with the sensibilities of courtly culture and other forms of expression Bouquet and Nagy bring a thousand years of history to life demonstrating how the study of emotions in medieval society can also allow us to understand better our own social outlooks and customs
