

MARK SCHEME for the May/June 2014 series

0607 CAMBRIDGE INTERNATIONAL MATHEMATICS

0607/21

Paper 2 (Extended), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2014 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Questions Aaron Connelly, Shona Loong, 2024-06-26 Outside Myanmar the 2021 coup d'état has often been portrayed as the end of a hopeful period for the country In this Adelphi book however Aaron Connelly and Shona Loong argue that the Aung San Suu Kyi government that preceded it was a false dawn unlikely to fulfil the international community's aspirations for a stable peaceful and strong Myanmar Instead the movement opposing the 2021 coup holds much greater promise despite the bloody conflict that dominates the news today Connelly and Loong survey three fundamental relationships that have shaped Myanmar before and after the coup between the military and the state between the majority Burmese and ethnic minorities and between Myanmar and the world to explain how opposition to the coup has shifted all of them in a more liberal pluralist and cosmopolitan direction **The Athaan in the Bull City: Building Durham's Islamic Community** Nazeeh Z.

Abdul-Hakeem, 2015-08-18 The Athaan in the Bull City Building Durham's Islamic Community tells the little known story of the growth of the Islamic community in Durham North Carolina Drawing upon his own knowledge of the founding and development of Jamaat Ibad Ar Rahman Inc Nazeeh Z Abdul Hakeem the organization's principal founder draws together

personal recollections and the details of Durham's major Islamic organization to tell about Durham's burgeoning Islamic community. Reaching back across the community's history of more than thirty years, *The Athaan in the Bull City* recounts how Islam's foundations in Durham rest upon the lives of Black American Muslims. The Trade Policy Review Mechanism Mathias Kende, 2018-02-09. The WTO's Trade Policy Review Mechanism, which reviews the trade policies and practices of each WTO member at regular intervals, is generally considered to function well. In this day and age, complacency is unwise. Examining trade policy reviews throughout the lifetime of the TPRM, this book details its evolution from Article X of the General Agreement on Tariffs and Trade to the proposed modifications resulting from the mechanism's latest appraisal, examining the budgetary capabilities and technical performance of all the main entities who participate in the reviews. On the basis of these considerations, the author concludes that in order to remain relevant, especially in times of increased global protectionism, the TPRM could and should do better and provides unique and timely suggestions for reform.

The Politics of Immigration (2nd Edition) David Wilson, Jane Guskin, 2017-05-22. A straightforward discussion of the issues surrounding immigration, U.S. immigration has been the subject of furious debates for decades. On one side, politicians and the media talk about aliens and criminals with calls to deport them all. On the other side, some advocates idealize immigrants and gloss over problems associated with immigration. Dialogue becomes possible when we dig deeper and ask tough questions: Why are people in other countries leaving their homes and coming here? What does it mean to be illegal? How do immigration raids, prisons, and border walls impact communities? Who suffers and who profits from our current system, and what would happen if we transformed it? *The Politics of Immigration: Questions and Answers* goes beyond soundbites to tackle these concerns in straightforward language and an accessible question-and-answer format. First published in 2007, this updated and expanded edition is an effective tool to confront current stereotypes and disinformation. Those who believe immigrants take jobs from citizens, don't pay taxes, strain public services, and threaten the dominant culture will find their assumptions challenged with compelling arguments and hard data. Ideal for classroom use, *The Politics of Immigration* provides those who are undecided about immigration with the facts and clear reasoning they need to develop an informed opinion.
