*Annual Performance Plan* Mpumalanga (South Africa). Department of Education, 2013 *Oral history in South Africa* Sekgothe Mokgoatšana, 2025-05-06 Colonial and apartheid era historical narratives in South Africa often disregard oral testimonies leaving significant gaps in understanding the country's rich and complex past This scholarly book explores the methodologies and ethics of oral history to address these omissions and to elevate oral testimonies as vital tools in historical scholarship This book brings together ten chapters authored by leading academics and researchers It critically examines how oral history methodologies can be contextualised within South Africa's diverse and multifaceted society Rather than focusing on Eurocentric approaches it emphasises the need to rethink the ethics and practices of oral history from an Afrocentric perspective Through its transdisciplinary and interdisciplinary lens spanning history indigenous knowledge studies museum and archival studies and folklore this book advocates for the recognition of interviewees as knowledge holders fostering meaningful exchanges rather than mere knowledge extraction The authors emphasise the need to protect and expand oral history archives ensuring the representation of marginalised voices and redressing past injustices With original research this volume sheds light on the transformative potential of oral history in South Africa offering new arguments and perspectives It aims to inspire scholars researchers and specialists to rethink conventional practices and to bridge the divide between written and oral histories This is essential literature for scholars and practitioners in history oral history theology museum studies and related fields as it reimagines the role of oral testimonies in producing inclusive and credible historical narratives

The Digital Challenge Shirin Madon, S Krishna, 2018-02-06 This title was first published in 2003 Information and communication technologies ICTs are increasingly being recognized as vital to the economic growth and global inclusion and participation of developing countries This book brings together both academics and practitioners to provide a comprehensive

and insightful overview of ICT and development around the world It examines the role of IT in providing new economic and industrial opportunities in increasing access to global information and communication in assisting small cultural and ethnic groups to overcome disadvantages of physical distance and in catalysing initiatives towards democratic decentralization and empowerment of citizens It also critically appraises major problems such as inappropriate focus and resource allocation and of missed opportunities By combining comparative case studies from Africa South and East Asia South America and Eastern Europe with theoretical analysis this volume synthesizes a range of issues related to the evident tensions that exist for developing countries as they try to balance global and local priorities through the adoption and use of ICTs
