

La Tech Payroll 2014

DP Hallahan

La Tech Payroll 2014:

Report of the Secretary of the Senate United States. Congress. Senate, 2013-10 **Code Work** Héctor

Beltrán, 2023-11-14 How Mexican and Latinx hackers apply concepts from coding to their lived experiences In Code Work Héctor Beltrán examines Mexican and Latinx coders' personal strategies of self-making as they navigate a transnational economy of tech work. Beltrán shows how these hackers apply concepts from the code worlds to their lived experiences: deploying batches, loose coupling, iterative processing, looping, hacking, prototyping, and full stack development in their daily social interactions at home, in the workplace, on the dating scene, and in their understanding of the economy, culture, and geopolitics. Merging ethnographic analysis with systems thinking, he draws on his eight years of research in Mexico and the United States during which he participated in and observed hackathons, hacker schools, and tech entrepreneurship conferences to unpack the conundrums faced by workers in a tech economy that stretches from villages in rural Mexico to Silicon Valley. Beltrán chronicles the tension between the transformative promise of hacking—the idea that coding will reconfigure the boundaries of race, ethnicity, class, and gender—and the reality of a neoliberal capitalist economy divided and structured by the US-Mexico border. Young hackers, many of whom approach coding in a spirit of playfulness and exploration, are encouraged to appropriate the discourses of flexibility and self-management even as they remain outside formal employment. Beltrán explores the ways that innovative culture is seen as central in curing Mexico's social ills, showing that when innovation is linked to technological development, other kinds of development are neglected. Beltrán's highly original, wide-ranging analysis uniquely connects technology studies, the anthropology of capitalism, and Latinx and Latin American studies. *This Land Is Our Land* Suketu Mehta, 2024-03-26 A meticulously researched and deeply felt corrective laying bare the origins of mass migration in searing clarity. Well-argued, cathartic. Lauren Markham, The New York Times Book Review. A TIME MAGAZINE TOP TEN NONFICTION BOOK OF THE YEAR. AN NPR STAFF PICK. There are few subjects in American life that prompt more discussion and controversy than immigration. But do we really understand it? In *This Land Is Our Land*, the renowned author Suketu Mehta attacks the issue head-on. Drawing on his own experience as an Indian-born teenager growing up in New York City and on years of reporting around the world, Mehta subjects the worldwide anti-immigrant backlash to withering scrutiny. As he explains, the West is being destroyed not by immigrants but by the fear of immigrants. Mehta juxtaposes the phony narratives of populist ideologues with the ordinary heroism of laborers, nannies, and others from Dubai to Queens, and explains why more people are on the move today than ever before. As civil strife and climate change reshape large parts of the planet, it is little surprise that borders have become so porous. But Mehta also stresses the destructive legacies of colonialism and global inequality on large swaths of the world. When today's immigrants are asked, "Why are you here?" they can justly respond, "We are here because you were there." And now that they are here, as Mehta demonstrates, immigrants bring great benefits, enabling countries and communities to flourish. Impassioned, rigorous, and richly stocked with memorable

stories and characters This Land Is Our Land is a timely and necessary intervention and a literary polemic of the highest order A brilliant and urgently necessary book Salman Rushdie *Daily Labor Report* ,2005-12 The Routledge Companion to Labor and Media Richard Maxwell,2015-07-16 Labor resides at the center of all media and communication production from the workers who create the information technologies that form the dynamic core of the global capitalist system and the designers who create media content to the salvage workers who dismantle the industry s high tech trash The Routledge Companion to Labor and Media is the first book to bring together representative research from the diverse body of scholarly work surrounding this often fragmentary field and seeks to provide a comprehensive resource for the study and teaching of media and labor Essays examine work on the mostly unglamorous side of media and cultural production technology manufacture and every occupation in between Specifically this book features wide ranging international case studies spanning the major global hubs of media labor interdisciplinary approaches for thinking about and analyzing class and labor in information communication technology ICT consumer electronics CE and media cultural production an overview of global political economic conditions affecting media workers reports on chemical environments and their effect on the health of media workers and consumers activist scholarship on media and labor and inspiring stories of resistance and solidarity California.
