Marijuana is probably God's way of encapsulating a cosmic experience in a little plant. There is no other explanation as to why it is so good. Every day millions of people enjoy the psychedelic effects of marijuana. When they inhale its magical vapors it gives them incredible highs. The only thing that can be compared to smoking marijuana is eating it. When weed is baked into treats like brownies, cakes, or lollipops it takes on a whole new level of potency that will rock your world. Since most people cannot tolerate weed when smoked, this is the best alternative for them. It allows them to experience a more intense high with a variety of flavors and nutrition that smoking does not provide. This book is all you need to become enlightened and have a good relationship with the use of cannabis. This is a plant that can be incorporated into your daily diet. You will learn how you can explore this plant and get the best it has to offer and also learn how to use marijuana in a variety of dishes for any occasion. If you've never had the opportunity to cook weed into something edible, now is the time. You've waited your entire life for this very moment. Don't let another minute pass.
