Popular Culture Theory and Methodology Harold E. Hinds, Marilyn Ferris Motz, Angela M. S. Nelson, 2006

Since its birth in the 1960s the study of popular culture has come a long way in defining its object its purpose and its place in academe

Emerging along the margins of a scholarly establishment that initially dismissed anything popular as unworthy of serious study trivial formulaic easily digestible escapist early practitioners of the discipline stubbornly set about creating the theoretical and methodological framework upon which a deeper understanding could be founded

Through seminal essays that document the maturation of the field as it gradually made headway toward legitimacy *Popular Culture Theory and Methodology* provides students of popular culture with both the historical context and the critical apparatus required for further growth

For all its progress the study of popular culture remains a site of healthy questioning

What exactly is popular culture

How should it be studied

What forces come together in producing disseminating and consuming it

Is it always conformist or has it the power to subvert refashion resist and destabilize the status quo

How does it differ from folk culture mass culture commercial culture

Is the line between high and

low merely arbitrary Do the popular arts have a distinctive aesthetics This collection offers a wide range of responses to these and similar questions Edited by Harold E Hinds Jr Marilyn F Motz and Angela M S Nelson Popular Culture Theory and Methodology charts some of the key turning points in the culture wars and leads us through the central debates in this fast developing discipline Authors of the more than two dozen studies several of which are newly published here include John Cawelti Russel B Nye Ray B Browne Fred E H Schroeder John Fiske Lawrence Mintz David Feldman Roger Rollin Harold Schechter S Elizabeth Bird and Harold E Hinds Jr A valuable bibliography completes the volume **Catalog of Copyright Entries.
