Bookishness Jessica Pressman,2020-12-01 Twenty first century culture is obsessed with books In a time when many voices have joined to predict the death of print books continue to resurface in new and unexpected ways From the proliferation of shelfies to Jane Austen themed leggings and from decorative pillows printed with beloved book covers to bookwork sculptures exhibited in prestigious collections books are everywhere and are not just for reading Writers have caught up with this trend many contemporary novels depict books as central characters or fetishize paper and print thematically and formally In Bookishness Jessica Pressman examines the new status of the book as object and symbol She explores the rise of bookishness as an identity and an aesthetic strategy that proliferates from store window display to experimental writing Ranging from literature to kitsch objects stop motion animation films to book design Pressman considers the multivalent meanings of books in contemporary culture Books can represent shelter from or a weapon against the dangers of the digital they can act as memorials and express a sense of loss Examining the works of writers such as Jonathan Safran Foer Jennifer Egan Mark Z Danielewski and Leanne Shapton Pressman illuminates the status of the book as a fetish object and its significance for understanding contemporary fakery Bringing together media studies book history and literary criticism Bookishness explains how books still give meaning to our lives in a digital age

Digital Authorship R. Lyle Skains, 2019-02-07 This Element looks at contemporary authorship via three key authorial roles indie publisher hybrid author and fanfiction writer The twenty first century s digital and networked media allows writers to disintermediate the established structures of royalty publishing and to distribute their work directly to and often in collaboration with their readers This demotic author one who is of the people often works in genres considered popular or derivative The demotic author eschews the top down communication flow of author text reader in favor of publishing platforms that generate attention capital such as blogs fanfiction communities and social media

Moonbound Robin Sloan, 2024-06-11 Robin Sloan expands the Penumbraverse to new reaches of time and space in a rollicking far future adventure It is eleven thousand years from now A lot has happened and yet a lot is still very familiar Ariel is a boy in a remote village under a wizard s rule Like many adventurers before him Ariel is called to explore a world full of eye popping discoveries and challenges unknown enemies a mission to rescue the world a girl Here as they say be dragons But none of this happens before Ariel encounters an entity from an earlier civilization a sentient sensitive artificial intelligence with a special perspective on all of human history who becomes both Ariel s greatest ally and our narrator Moonbound is an adventure into the richest depths of Story itself from the creator of the Penumbraverse Robin Sloan It is a deeply satisfying epic of ancient scale blasted through the imaginative prism of one of our most forward thinking writers And this is only the beginning

The Emergence of the Digital Humanities Steven E. Jones, 2013-08-15 The past decade has seen a profound shift in our collective understanding of the digital network What was once understood to be a transcendent virtual reality is now experienced as a ubiquitous grid of data that we move through and interact with every day raising new questions about the social locative embodied and object oriented nature of our experience in the networked world In The Emergence of the Digital Humanities Steven E Jones examines this shift in our relationship to digital technology and the ways that it has affected humanities scholarship and the academy more broadly Based on the premise that the network is now everywhere rather than merely out there Jones links together seemingly disparate cultural events the essential features of popular social media the rise of motion control gaming and mobile platforms the controversy over the gamification of everyday life the spatial turn fabrication and 3D printing and electronic publishing and argues that cultural responses to changes in technology provide an essential context for understanding the
