I. Arizona En Bref:

African Yearbook of International Law / Annuaire Africain de Droit International, Volume 10 (2002) Abdulqawi A. Yusuf, 2004-01-01 The African Yearbook of International Law provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa as well as Africa's contribution to the progressive development of international law. It contributes to the promotion, acceptance of and respect for the principles of international law as well as to the encouragement of the teaching, study, dissemination and wider appreciation of international law in Africa. A clear articulation of Africa's views on the various aspects of international law based on the present realities of the continent as well as on Africa's civilization, culture, philosophy and history will undoubtedly contribute to a better understanding among nations. The African Yearbook of International Law plays an important role in examining the tensions underlying the State in Africa and by shedding more light on the causes of the fragility of African state institutions so as to facilitate the identification of appropriate remedies. The tension and interrelationships among issues such as territorial integrity, self-determination, ethnic diversity and nation building are constantly addressed. Development, human rights and democratization in Africa are also subject of continuous attention and examination. *L.P.L.P.*, 1994 **Actes**, 1905

Le Canada Donald J. Savoie, 2023-05-15 La structure politique du Canada va à l'encontre de la géographie économique de l'Amérique du Nord et de l'attraction économique entre le nord et le sud. Le Canada a importé des institutions politico-administratives conçues pour un État unitaire et depuis la fondation du pays ses leaders politiques se sont démenés pour qu'elles fonctionnent. Pour cette raison plusieurs Canadiens et leurs communautés et leurs régions se perçoivent comme des victimes et ce un degré plus élevé que chez d'autres groupes dans des démocraties occidentales. Notre gouvernement fédéral a démontré un plus grand empressement à excuser pour des injustices que les autres pays occidentaux. Le Canada est également plus performant que d'autres nations dans l'aide qu'il apporte aux victimes pour qu'elles fassent la transition les menant à participer pleinement à la vie politique et économique du pays. Donald Savoie soutient que le Canada continue prospérer malgré les nombreux défauts de ses institutions politiques nationales et le penchant qu'ont les Canadiens de se voir comme des victimes et que notre histoire et ces défauts nous ont appris l'art du compromis. La constitution du Canada et ses institutions politiques amplifient plus qu'elles n'atténuent la victimisation; cependant elles ont également permis aux Canadiens de mieux gérer cet enjeu que dans d'autres pays. Les Canadiens reconnaissent aussi que l'alternative au Canada est pire et cela plus que toute autre chose continue renforcer l'unité nationale. Puisant dans sa longue expérience dans le monde universitaire et en tant que conseiller auprès des gouvernements, Savoie propose de nouvelles manières de voir comment le Canada travaille pour sa population. **Essai sur les Finances communales** Louis Paul Dubois, 1888 **Le Rire**, 1919
