**NIJ Report, Investigations Involving The Internet and Computer Networks, January 07 ,2007      Annual Reports of the Comptroller, Police Department, Fire Department and Board of Public Works of the City of Milwaukee for the Year Ending ...** Milwaukee (Wis.),1895      Policewomen Kerry Segrave,2014-02-24 Women in policing have seen three phases of acceptance Beginning in about 1880 they were admitted as police matrons with extremely limited duties Next they were accepted as policewomen around 1910 1916 when that title was officially bestowed on them Finally came assignment of females as general duty officers in the late 1960s and early 1970s Not coincidentally an active women s movement was the driving force behind all three phases As women in policing went from matrons to regular officers they faced harassment and discrimination that only worsened as they neared equality Many still face it today This book examines the history of policewomen from 1880 to 2012 particularly in the U S and tells the story of their gradual recognition by the professional establishment of male officers      **Reports of Proceedings ...** Boston (Mass.). Rita Haverkamp,Ester Herlin-Karnell,Claes Lernerstedt,2019-01-24 The overarching objective of this volume is to discuss and critique the legal regulation of human trafficking in national and transnational context Specifically discussion is needed not only with regard to the historical and philosophical points of departure for any criminalisation of trafficking but also regarding the societal and social framework the empirical dimension such as existing statistics in the area and the need for more data The book combines descriptive and normative analyses of the crime of trafficking in human beings from a cross legal perspective Notwithstanding the enhanced interest for human trafficking in politics the public and the media a critical perspective such as the one pursued herewith has so far been largely absent Against this background this approach allows for theoretical findings to be addressed by pointing out and elaborating different interdisciplinary conflicts and inconsistencies in the regulation of human trafficking The book discusses the

phenomenon of human trafficking critically from various angles giving it shape and showing how it comes to life in the legal regulation
