CAUTIONS

• Pay attention to the direction when installing or replacing batteries. • Do not use non-rechargeable batteries. • When charging the rechargeable battery, adult supervision is required. • Do not use old and new batteries or different types of batteries. • During the operation, please pay attention to the nearby interference signal, otherwise the remote control distance will be affected. • If the speed of the off-road vehicle becomes more and more slow, it means the battery power is low, please change the driving truck as per the above method. • Please replace the battery in the following cases: the battery of the remote control is low, it is unable to control the truck and the charging indicator becomes dark or is not turned on. • Please take out the battery in the remote control and put the power switch of the truck to the "OFF" position if the truck is not used for a long time.

Operation Method

1 Turn on the remote control switch first, and put the power switch of the truck to the "On" position. And put the truck on the ground.

2 Function of remote control

1 When control joystick pull backward, the car will go forward, when control joystick push forward, the car will go backward. When the joystick is pulled back to a half, the car will move forward slowly, when the joystick is fully pulled back, the car will move forward at full speed.

2 Turn left joystick, the car will go leftward. Turn right joystick, the car will go rightward.

3 Direction Fine adjustment method

Adjust the fine direction adjuster at the front end of the bottom of the truck to adjust the driving performance of the truck. If the truck moving towards left when moving forward, please turn adjustment pointer towards left and if the truck moves towards right when moving forward, please turn adjustment pointer towards right and the truck can move straightly.

Turn to left of the truck, the direction adjuster moves towards right.

Turn to right of the truck, the direction adjuster moves towards left.

Troubles Eliminating Methods

Problems	Causes	Solution
Unable to control the truck	Battery power is low or no power. Incorrect installation of battery. Battery is not "AA" type.	Replace the battery and put the switch at the "OFF" position to save energy. Correctly install the battery and pay attention to the direction. Check if the switches on the truck and remote control are turned on.
Truck moves too slowly	Battery power is low or no power. The truck moves out of control range.	Replace the battery and put the switch at the "OFF" position to save energy. If the truck moves more and more slowly, please take the remote control near the truck.
Unable to move straightly	The truck moves out of control range.	Adjust the front wheel adjustment pointer at the front end of the truck. If the truck moves towards right, please turn the pointer towards right, and if the truck moves towards left, please turn the pointer towards left.
