The Phonetic Guide to Italian Matthew Lawry, 2012-07-27 This book is about

learning the phrases and sentences and getting to grips with saying the language without going into the grammar first In that way you can have fun learning how to say certain things and also you do not come up against stumbling blocks and frustrations The idea behind this thinking was because when I was a child my parents used to tell me words before they taught me how to learn the alphabet so I thought that was a better way round get used to the language first I wrote this book to how I thought the student of the language could assimilate and understand it and get a basic grounding of the language I thought to myself what was the best thing to learn first for instance what the differences between masculine and feminine are what does the accent mean so I put this information in the chapter header pages so then I could use more space to actually learn the language I have also put in a conceptual stage so then you can think about the language for instance English has quite a few routes to it like Latin so quite a few words are very similar even though the accent can throw us off It sounds like proper English for instance disgraceful which means scandaloso in Italian which is nearly the same in English I believe there is no right or wrong way to learn it depends on what you want it for You may want to practise it on holidays or you may want to read the Italian newspapers so sometimes you do not necessarily have to learn the alphabet or the grammar I like to read newspapers on holidays and watch films in Italian that is why I wanted to learn it It can also be useful in attaining knowledge for quizzes The only good criticism is a constructive one not a destructive one Matthew Lawry I hope you enjoy this book as much as I have in writing it L'Italia che scrivo ,1920 **Routledge Intensive Italian Course** Anna Proudfoot,Tania Batelli Kneale,Daniela Treveri Gennari,Anna Di Stefano,2013-04-15 This intensive foundation course in Italian is designed for students with no previous knowledge of the language Accompanying audio material containing dialogues listening exercises and pronunciation practice is available to listen to here www.routledge.com/9780415240802 The audio is designed to work alongside the accompanying book Students using the Routledge Intensive Italian Course will practise the four key skills of language learning reading writing speaking and listening and will acquire a thorough working knowledge of the structures of Italian The Routledge Intensive Italian Course takes students from beginner to intermediate level in one year *Practice Makes Perfect: Complete Italian All-in-One, Premium Second Edition* Marcel Danesi,2023-12-29 All the practice and instruction you need to communicate effectively in Italian now with an enhanced app featuring text to speech If you are a beginner to intermediate Italian language learner getting a handle on grammar is your key to communicating correctly and effectively In Practice Makes Perfect Complete Italian Grammar you ll find tons of practice and everything else you need instruction clear explanations and comparisons to English grammar to build your knowledge and communicate more effectively in Italian Based on the successful approach of the Practice Makes Perfect series Complete Italian Grammar Premium Fourth Edition covers all aspects of Italian grammar you ll need to master from all the key verb tenses to noun adjective pronoun and preposition usage Crystal clear explanations realistic examples and extensive array of engaging exercises help you focus your efforts on the practical aspects of communicating in Italian With an additional boost
