

## Student Motivation Letter

Admissions Office  
Harvard University  
Cambridge, MA 02138  
August 15, 2050

Dear Admissions Committee,

I am writing to express my enthusiastic interest in applying for the Master of Science in Environmental Engineering program at Harvard University. My name is **[YOUR NAME]**, and I am excited about the opportunity to contribute to and benefit from your esteemed institution. I believe that my academic background, coupled with my passion for sustainable development, aligns perfectly with the values and goals of your program.

I am currently a senior student at Stanford University, where I have consistently achieved academic excellence. My coursework in Environmental Science and Engineering has provided me with a solid foundation in environmental systems and sustainable practices. Additionally, I have been actively involved in the Stanford Sustainable Development Club and have led several community outreach projects, which has further fueled my interest in environmental engineering. One of the primary reasons I am drawn to Harvard University is its cutting-edge research facilities and its commitment to addressing global environmental challenges. The Center for the Environment at Harvard resonates with my career aspirations and personal goals. I am particularly impressed by Professor Emily Thompson's research on renewable energy systems, and I am eager to contribute to and learn from these outstanding resources.

My goal is to develop innovative solutions for water purification systems in developing regions, and I believe that the Harvard program will provide me with the necessary tools and opportunities to achieve this. My research experience, including a summer internship at the Environmental Protection Agency, and my leadership roles demonstrate my commitment and readiness for the challenges and opportunities that lie ahead.

Thank you for considering my application. I am confident that my background and aspirations make me a strong candidate for the Master of Science in Environmental Engineering program. I look forward to the possibility of contributing to your academic community and furthering my educational journey at Harvard University.

Sincerely,
