TRANSMISSION OIL

The oil level of the transmission should be checked every 1,000 miles, or more often if the transmission leaks. Check the level with the engine at its normal operating temperature by removing the level plug (A); the oil should come right up to the lower lip of the level plug hole. If it looks like the transmission needs oil and it's getting close to replacement time, replace it now, but if the level is down due to leakage, add fresh oil until it begins to run out the level hole.
