## **Motorcycle Sunglasses For Women:**

*Laughter, Creativity, and Perseverance* Ute Hüsken, 2022 In most mainstream traditions of Hinduism and Buddhism women have for centuries largely been excluded from positions of religious and ritual leadership However as this volume shows in an increasing number of late 20th century and early 21st century contexts women can and do undergo monastic and priestly education they can receive ordination initiation as Buddhist nuns or Hindu priestesses and they are accepted as religious and political leaders Even though these processes still take place largely outside or at the margins of traditional religious institutions it is clear that women are actually establishing new religious trends and currents They are attracting followers and they are occupying religious positions on par with men At times women are filling a void left behind by male religious specialists who left the profession and at times they are perceived as their rivals In some cases this process takes place in collaboration with male religious specialists in others against the will of the women's male counterparts However in most cases we see both acceptance and resistance Whether silently or with great fanfare women are grasping new opportunities to occupy positions of leadership This book offers ten in depth case studies analysing culturally historically and geographically unique situations in order to explore the historical background contemporary trajectories and impact of the emergence of new and powerful forms of female agency in mostly conservative Hindu and Buddhist religious traditions
