**Examination Medicine - E-Book epub** Nicholas J. Talley, Simon O'Connor, 2016-10-15 Preparation is the key to success. Now in its eighth edition, Examination Medicine, a guide to physician training, has prepared generations of physician trainees and medical students for their clinical examinations. Instructive, informative, and aligned with current practice, this new edition gives you an overview of what to expect, what is expected of you, and how to develop a mature clinical approach to complex medical problems. Talley and O'Connor share their valuable advice on how to prepare for the examinations, use your time to best effect, and avoid common pitfalls to ensure you give your best possible performance in your examinations and beyond. Video tutorials of long and short cases included on ExpertConsult. Clinical photographs of signs and conditions. 50 long cases including history, examination, investigations, treatment, and possible lines of questioning. Sample long cases from the examiner's perspective including discussion points and clinical traps. 30 short cases including guidance for spot diagnosis and common stems. Hint boxes highlighting common pitfalls and useful tips. **Talley and O'Connor's Examination**

**- E-Book Epub** Nicholas J. Talley, Simon O'Connor, 2025-11-11 Essential exam guide for basic physician trainees. Talley and O'Connor's Examination Medicine is designed to prepare physician trainees for their clinical examinations and to master the skills they need as they enter their advanced specialty training. Written by practising physicians with experience on the senior examiners' panel, this text comprehensively covers both long and short cases examinees might encounter. Insights include what to expect on examination day, how to succeed in the exam, and how to approach complex medical problems in the future. Designed primarily for physician trainees sitting the Royal Australasian College of Physicians (RACP) examinations in Australia and New Zealand, or equivalent, this book is also useful for registrars and consultants when taking candidates for practice exams, those taking clinical examinations in other specialty colleges, and senior medical students wishing to strengthen their clinical skills. Essential preparative text for internal medicine clinical examinations for those planning to go on to advanced

training in a specialty More than 50 common and important long cases and 30 common short cases Teaches how to think like a physician and like an examiner What to expect on the examination day and how to succeed Hints and tips for remembering the essentials and avoiding pitfalls Common lines of questioning supporting development of critical thinking skills Presents a methodical and calm process for trainees to manage patients with complications and co morbidities Reliable and proven format history examination and interpretation Long cases ordered logically by body system Videos demonstrating long and short case technique New to this edition New long cases likely to occur in the exam New long case segments including approaching obesity and the role of new drugs and their important side effects MedStudy 20th Edition Internal Medicine
