Most Haunted Season 11 Episode Guide:

A Brief Guide to Ghost Hunting Leo Ruickbie, 2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more

From Angels to Aliens Lynn Schofield Clark, 2005-10-27 Harry Potter Buffy the Vampire Slayer and the Left Behind series are but the latest manifestations of American teenagers longstanding fascination with the supernatural and the paranormal In this groundbreaking book Lynn Schofield Clark explores the implications of this fascination for contemporary religious and spiritual practices Relying on stories gleaned from more than 250 in depth interviews with teens and their families Clark seeks to discover what today s teens really believe and why She finds that as adherence to formal religious bodies declines interest in alternative spiritualities as well as belief in superstition grow accordingly Ironically she argues fundamentalist Christian alarmism about the forces of evil has also fed belief in a wider array of supernatural entities Resisting the claim that the media brainwash

teens Clark argues that today's popular stories of demons hell and the afterlife actually have their roots in the U S's religious heritage She considers why some young people are nervous about supernatural stories in the media while others comfortably and often unselfconsciously blur the boundaries between those stories of the realm beyond that belong to traditional religion and those offered by the entertainment media At a time of increased religious pluralism and declining participation in formal religious institutions Clark says we must completely reexamine what young people mean and what they may believe when they identify themselves as spiritual or religious Offering provocative insights into how the entertainment media shape contemporary religious ideas and practices From Angels to Aliens paints a surprising and perhaps alarming portrait of the spiritual state of America's youth The Athenaeum ,1910 *The Literary Guide and Rationalist Review* ,1925 **The CBS Radio Mystery Theater** Gordon Payton,Martin Grams (Jr.),1999 Almost every day for nine years during the late 1970s and early 1980s the CBS Radio Mystery Theatre brought monsters murderers and mayhem together for a whole hour each evening Created produced and directed by Himan Brown the series remains a landmark in radio drama But Mystery Theater ended over 15 years ago and no one has yet been able to gather enough information to write a book detailing the history of the episodes until now This work offers a detailed log of every Mystery Theater episode ever broadcast nine years of monsters murderers and mayhem Descriptive information includes exact titles airdates and rebroadcast dates episode numbers cast lists writer and adapter credits and a storyline synopsis This material comes directly from CBS press releases in order to insure complete accuracy Also included wherever possible are information about the actors and actresses quotes from performers and writers many from personal interviews anecdotes about various scripts and sound effects and other notes of interest **Leonard Maltin's Movie and Video Guide 1994** Leonard Maltin,1993-10 In addition to the more than 19 000 movie entries 300 new listings Maltin has enlarged his indexes of leading performers and directors updated the list of mail order sources for buying and renting videocassettes and laser discs and has continued to include the latest movie code ratings Consumer rebate offer **Library Journal** ,1997 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1895 Book News ,1889 The Academy ,1883 *VideoHound's DVD Guide* Mike Mayo,Jim Olenski,2001 Saturday Review ,1890 **The Saturday Review of Politics, Literature, Science and Art** ,1890
