The Harley-Davidson Story Aaron Frank, 2018-11-20 The Harley Davidson Story Tales from the Archives is a fascinating visually driven overview of the motor company s rich story created in cooperation with the Harley Davidson Museum The story of Harley Davidson is a classic

American tale of spirit invention and the right idea at the right time From its beginning in a small Milwaukee shed in 1903 William Harley and his cousins the Davidson brothers set in motion what would eventually become the world s most iconic motorcycle company While other motorcycle companies rose and fell through the teens and 1920s Harley went from strength to strength whether introducing its first V twin motor or dominating race tracks across America The Milwaukee Miracle even prospered during WWII building war bikes for the armed forces By the 1950s they d buried their last American built competitor Indian and gained a hold over the US market that they maintain to this day A remarkable story deserves a remarkable space to recount it Such is the Harley Davidson Museum in Milwaukee which opened in 2009 Harley Davidson partnered with Motorbooks to create this book relaying Harley Davidson s story as told through the museum s displays and archive assets
