WILL A RIVAL'S BETTER QUALITY UI SUDDENLY DESTROY YOUR BUSINESS? Doug Lescoe, 2014-02-11 After producing superb software most companies fail to give adequate attention to making a User Interface UI of equal quality for their products leaving the end users to play annoying guessing games Thus a competitor with a similar product but with a higher quality UI can quickly decimate its rivals before they can

react When Google was incorporated in September 1998 it was operating from a two car garage four months later PC Magazine named Google as the best search engine In the US Google is used about 67 percent of the time for on line searches Within two months after its release Apple sold 125 000 iPods in less than two years one million and by Christmas season 2005 a million units a week The iPod seized 65 percent of the market and became the generic name for a MP3 player Among the most important reasons for Google s and Apple s impressive surge to the status of market leaders was their better quality UI Good to Great by Jim Collins contains case studies about good companies that became great He said those companies that achieved the great status put the right people on the bus and in the right seats By following his advice other companies can possibly reach the status of great A company in each market could create high quality UI and capture most of that market Will it be yours or someone else s Comments After reading a synopsis of this book The person in charge of redoing the homepage for a renowned university said that the solution was Absolutely right A representative for a worldwide Family History Genealogy Service said their Global Marketing Director agreed with the solution and shared it with both the CEO and the Director who oversees UI A CFO at a major insurance company agreed with my insight and said they are going to start moving in that direction A Director of National Accounts for a worldwide hotel chain said he wished he had this information earlier His company recently had a software program created for making reservations it was very high priced but it was a total mess and almost unusable because of the poor quality UI
