Albatros Aces of World War 1 Part 2 Greg VanWyngarden,2007-06-19 Nearly every German ace who flew before the summer of 1918 scored victories in Albatros fighters whose introduction coincided with the development of the famous and highly successful Jagdstaffeln the first true German fighter formations which became a critical German air tactic and helped to wrest back air superiority from the Allies After wreaking havoc in the skies over Arras the Albatros was eventually outclassed by succeeding generations of Allied aircraft but still remained the most numerous and ubiquitous of all German fighters in World War I with Albatros biplanes contributing almost two thirds of the German fighters at the front during the Spring Offensive of 1918 This book with its 32 color profiles charts the unique markings and design of one of the most

menacingly beautiful fighters of the war Featuring famous and unsung aces a multitude of first hand accounts and original photographs this book offers a fresh view into the experiences of the German pilots who endured a very different kind of war from the troops on the ground While the soldiers confronted the dangers of No Man s Land and faceless slaughter the pilots endured deadly games of cat and mouse in the skies above the trenches **Ki-44 'Tojo' Aces of World War 2** Nicholas Millman,2011 *Wildcat Aces of World War 2* Barrett Tillman,2000 Forgotten Heroes Csaba B. Stenge,2023-01-15 Prior to the beginning of the Second World War the Royal Hungarian Armed Forces including the Air Force prepared to engage the Little Entente forces however after a short skirmish prior to the war with the Slovaks during the war their opponents became the Soviet and American aviators The Hungarian aces fought gallantly against such heavy odds and after the war s end the new Hungarian communist regime turned against them as well this book is the unique story of the 38 Hungarian air aces of the Second World War The overwhelming majority of the related materials have been lost or destroyed so the author has demonstrated truly Herculean efforts during his 23 year long extensive research to write this monumental work The book is based mostly on previously unpublished primary sources from Hungarian German Russian and American Archives and also on the preserved documents of the aces and their families The text is not limited to the highly detailed biographies of the 38 Hungarian aces it also covers some important and related aspects such as air victory confirmation systems air combat tactics and obtained awards Besides this the book contains more than 350 rare images many of them are previously unpublished and a selection of superb color profiles which show camouflage and markings for the aircraft of the aces **Austro-Hungarian Albatros Aces of World War 1** Paolo Varriale,2012-12-20 Austro Hungarian industry produced a series of poor fighter types such as the Ph nix D I and Hansa Brandenburg D I during the early stages of the war and it was not until licence built examples of the battle proven Albatros and D II and D III began to reach Fliegerkompagnien or Fliks in May 1917 that the fortunes of pilots began to look up Unlike the German built Albatrosen the Oeffag aircraft were far more robust than German D IIs and D IIIs They also displayed superior speed climb manoeuvrability and infinitely safer flight characteristics The careful cross checking of Allied sources with Austrian and German records form the basis for a detailed reconstruction of the dogfights fought by the leading aces It will also chart the careers of the Austro Hungarian aces that flew the D II and D III their successes and their defeats with additional information about their personal background and their post war lives in the nations born from the collapse of the Hapsburg Empire *Aces* Bill Yenne,2020 *Aces* is an illustrated history of the brave World War II fighter pilots who earned the title of ace with archival and modern photos of their aircraft *Aces Against Germany* Eric Hammel,2020-12-05 *ACES AGAINST GERMANY The American Aces Speak Volume II* Eric Hammel In the second volume of his critically acclaimed series *The American Aces Speak* noted military historian Eric Hammel brings fresh first person accounts from thirty nine U S Army Air Corps fighter aces who blasted their way across the skies of North Africa the Mediterranean and northern and southern Europe in the great crusade against Hitler s vaunted Luftwaffe and the other

Axis air forces Coupled with a clear concise historical overview of America s brilliant air war against the Axis in Europe and North Africa Hammel s detailed interviews bring out the most thrilling in the cockpit experiences of some of our country s best pilots Climb aboard a P 38 Lightning as Maj Bill Leverette fights America s highest scoring single personal air battle against the Luftwaffe And get into the cockpit of a P 47 Thunderbolt as 15 victory ace Capt Don Bryan scores his dream kill by outwitting the pilot of a far speedier German jet in the closing days of the war in Europe As he did in four companion volumes Hammel has collected some of the very best air combat tales from America s war against Germany Nearly all the stories in *Aces Against Germany* have never before been told and the others have been enhanced by details and viewpoints brought out by Hammel s superb interviewing Together the five volumes of nearly 200 first person aerial combat stories from World War II Korea and Vietnam stand as an enduring testament to the combat airmen who fought their wars strapped into the cockpits of America s lethal high performance fighter aircraft *Aces Against Germany* is a highly charged emotional rendering of the now dim days of personal combat at the very edge of our living national history There was never a war like it and there never will be again These are the stories of America s eagles in their very own words Critical Acclaim for The American Aces Speak Series The Book World says *Aces Against Japan* is a thunderous personal high adventure book giving our men in the sky their own voice Book Page says Eric Hammel s book is recommended reading It is a must for any historian s bookshelf The Library Journal says No PR hype or dry as dust prose here Hammel allows his flyers to tell their stories in their own way Exciting stuff aviation and World War II buffs will love The Providence Sunday Journal says A treat that deftly blends a chronology of the Pacific War with tales that would rival a Saturday action matinee Infantry Magazine says If you would like to read one book that will give you a broad overview and yet a detailed look at what a fighter pilot s air war was like this is the book The Bookshelf says Hammel is one of our best military historians when it comes to presenting that often complex subject to the general public He has demonstrated this facility in a number of fine books before *Aces Against Germany* and now he does so again Not to be missed by either buff or scholar **Famous Fighter Aces** Bryan

Philpott,1989 This is a detailed guide to 50 of the world s greatest flying aces of World War I and World War II *Aces at War* Eric Hammel,2007-12 Combat historian Hammel presents an engrossing collection of 39 first person accounts by

American fighter aces serving in World War II the Israeli War of Independence the Korean War and the Vietnam War **The German Aces Speak** Colin D. Heaton,Anne-Marie Lewis,Brig. Gen. Robin Olds, USAF (Ret.),Oberleutnant Kurt Schulze,2011-11-15 DIVDIVFor the first time four German WWII pilots share their side of the story divDIV divDIVFew perspectives epitomize the sheer drama and sacrifice of combat more perfectly than those of the fighter pilots of World War II As romanticized as any soldier in history the WWII fighter pilot was viewed as larger than life a dashing soul waging war amongst the clouds In the sixty five plus years since the Allied victory stories of these pilots heroics have never been in short supply But what about their adversaries the highly skilled German aviators who pushed the Allies to the very brink of defeat

divDIV divDIVOf all of the Luftwaffe's fighter aces the stories of Walter Krupinski Adolf Galland Eduard Neumann and Wolfgang Falck shine particularly bright In The German Aces Speak for the first time in any book these four prominent and influential Luftwaffe fighter pilots reminisce candidly about their service in World War II Personally interviewed by author and military historian Colin Heaton they bring the past to life as they tell their stories about the war their battles their lives and perhaps most importantly how they felt about serving under the Nazi leadership of Hermann Goring and Adolf Hitler From thrilling air battles to conflicts on the ground with their own commanders the aces' memories disclose a side of World War II that has gone largely unseen by the American public the experience of the German pilot div div British and American Aces of World War I Norman Franks, 2005 A companion volume to German Aces of World War I The Pictorial Record Norman Franks Greg VanWyngarden Schiffer 2004 this new book covers the British and Commonwealth fighter aces of the Great War One chapter covers the aces with ten or more victories and an additional chapter lists the fighter aces with nine down to five victories giving their squadrons where they hailed from and in many cases their subsequent fate For the American aces the author lists every fighter ace of the period from Rickenbacker's twenty six down to those with five victories **Hungarian Aces of World War 2** György Punka, 2002-10-18 Like Germany Hungary was forbidden from having an air force following the defeat of the Austro-Hungarian Empire at the end of World War 1 However again like Germany the new state of Hungary created an air arm in secret during the 1930s Hungarian fighter pilots first saw action against their Slovakian neighbours in early 1939 following the annexation of Czechoslovakia by Germany In June 1941 Hungarian armed forces joined the Germany in the invasion of Russia and pilots from the I I Fighter Group saw continuous action into 1942 Flying CR 42s Re 2000s and Bf 109Es pilots scored a modest number of kills However when the Bf 109G equipped Hungarian 101 Puma1 Fighter Regiment was committed to action over Kharkov in April 1943 numerous aces started to rapidly build their scores One year later the unit returned home in order to defend Hungarian cities from American heavy bombers and pilots such as Dezs Szentgy rgyi and Gy rgy Debr dy scored the bulk of their kills in desperate battles against American fighters and bombers Unlike most of Germany's Eastern European allies Hungary did not capitulate during the Russian advances of 1944 and its fighter pilots fought on until May 1945 *Aces of Jagdstaffel 17* Greg VanWyngarden, 2013-11-20 Initially formed to assist in the defence of the city of Metz against French bombing raids Royal Prussian Jagdstaffel 17 would go on to become one of the most distinguished German fighter units of World War 1 Its first victory was scored by the pilot whose story is inextricably interwoven with that of his unit the Blue Max recipient Julius Buckler He was largely responsible for inspiring the unit's unique Esprit de Corps expressed in its famous and unique battle cry of Malaula Indeed in its final days the unit gained the nickname Zirkus Buckler or the Buckler Circus Besides Buckler Jasta 17 boasted such aces as Karl Strasser Alfred Fleischer and Christian Donhauser In addition the roster included colourful characters like the successful Jewish airman Jakob Wolff who at over 48 years of age was the oldest German fighter

pilot of the war The story of this illustrious unit is told with many first hand accounts by Buckler Fleischer and others as well as dozens of rare archival photos of the unit s beautifully decorated fighter aircraft
