Israel & Palestine Political Report ,1987 **The United States and Iran** J. Roshandel,Alethia H. Cook,2009-07-20 Relations between Iran and the US have been strained for over 30 years This book provides unbiased discussions of issues such as historical relations the Iranian nuclear program and their support for terrorist organizations It also identifies a wide range of possible US policy solutions to improve relations Iran's Rocket and Missile Forces and Strategic Options Anthony H. Cordesman,2015-01-23 Iran s rocket and missile forces serve a wide range of Iranian strategic objectives These forces range from relatively short range artillery rockets that support its ground forces and limit the need for close air support to long range missiles that can reach any target in the region and the development of booster systems that might give Iran the ability to strike at targets throughout Europe and even in the United States Iran s forces and systems are steadily evolving While the lethality of most current systems is limited by a reliance on conventional warheads poor accuracy and uncertain reliability Iran is developing steadily improved guidance systems attempting to improve the lethality of its conventional warheads and has at least studied arming its missiles with nuclear warheads Containing Iran Sasan Fayazmanesh,2013-11-13 Since the 1979 Revolution in Iran and the end of a close relationship between the US and the Shah successive American administrations including the Obama Administration have tried to contain Iran by various means particularly sanctions and military threats Even though President Obama came to office promising to engage Iran in reality his administration has followed the policy of tough diplomacy which has included among other acts imposing draconian sanctions against Iran Following the author s earlier book on the history of containment of Iran and Iraq the current book examines closely the Obama Administration s policy toward Iran as well as the role played by Israel the European Union and the International Atomic Energy Agency IAEA in the implementation of this policy Specifically it is argued that the policy of

tough diplomacy designed mostly by those associated with the Israeli lobby groups was intended to give an ultimatum to Iran in some direct meetings telling Iran to either accept the US Israeli demands or face aggression The meetings were also intended to create the illusion of engaging Iran in order to gain international support for aggressive actions Barack Obama announced this policy in his speeches as a Senator particularly at the American Israel Public Affairs Committee policy conferences After he became president in 2008 the policy of aggressive diplomacy was put in motion While pretending to engage Iran in diplomacy the Obama Administration in coordination with the US Congress and the government of Israel pushed for the most confrontational IAEA reports on Iran and an unprecedented set of unilateral and multilateral sanctions The US and Israel also engaged in a campaign of military threats sabotage and assassination of Iranian nuclear scientists Yet after four years of hostilities the policy of tough diplomacy failed to achieve many of its goals and failed to contain Iran
