

Dear Families,
 I will be sending home student work periodically. Sometimes they will just get a check mark for completing the work. Other times I will use a smiley Face scale that correlates with our report card scoring categories.

1	2	3	4
			
Below	Approaching	On Track	Mastered
Students will receive a 1 if they are not where the district expects students to be at this point in the year for a standard. We will begin reteaching to help this student approach the standard expectations.	Students will receive a 2 if they are actively making progress towards the expectations for the standard. We will be working to help clarify any misconceptions or close any gaps in the student's understanding.	Students will receive a 3 if they are on track to meet a standard. This means they are performing how we would expect them to perform. This student will continue to receive instruction to help them master the standard.	Students will only receive a score of 4 when they have mastered the standard. Meaning they are consistently showing that they understand can do everything that is listed in a standard.

We will be teaching the students to use this same smiley Face scale to self-evaluate their current understanding of a particular topic. If you have any questions do not hesitate to contact us. Thank you for being an active participant in your child's education.
