Kindle Paperwhite Amazon Uk

Dan Gaines

Kindle Paperwhite Amazon Uk:

Sexual Harassment in the UK Parliament Christina Julios,2022-02-10 This book examines the phenomenon of sexual harassment in the UK Parliament and efforts to tackle it The volume s in depth research unveils a political culture where sexual transgressions thrive Its intersectional feminist perspective furthermore highlights multiple systems of gendered oppression perpetuating inequality Britain s experience is viewed against the global MeToo movement and Hollywood s Weinstein sex scandal The book identifies ways to redress the status quo and challenges ahead including a gender power gap misuse of non disclosure agreements to silence victims and misogynistic organisational cultures **How Bad Are**

Bananas? Mike Berners-Lee,2020-09-03 It is terrific I can t remember the last time I read a book that was more fascinating and useful and enjoyable all at the same time Bill Bryson How Bad Are Bananas was a groundbreaking book when first published in 2009 when most of us were hearing the phrase carbon footprint for the first time Mike Berners Lee set out to inform us what was important aviation heating swimming pools and what made very little difference bananas naturally packaged are good This new edition updates all the figures from data centres to hosting a World Cup and introduces many areas that have become a regular part of modern life Twitter the Cloud Bitcoin electric bikes and cars even space tourism Berners Lee runs a considered eye over each area and gives us the figures to manage and reduce our own carbon footprint as well as to lobby our companies businesses and government His findings presented in clear and even entertaining prose are often surprising And they are essential if we are to address climate change **Robots That Love** Judith A.

Markowitz,2025-10-30 In a world of increasingly sophisticated AI the relationship between creator and creation has shifted Robot lovers coexist with humans and the boundaries of emotion and consciousness are blurred This book considers the fundamental challenge of imbuing robots with the capacity to experience love delving into the consequences of loving robots that can only feign reciprocation and philosophical questions about sentience and consciousness Other forms of artificial lovers are also discussed ranging from ChatGPT and Samantha from the 2013 film Her to a variety of sex dolls monsters golems and romanceable characters in dating simulation games Such entities encompass an array of sexual and gender identities as well as gender biases involved in creating the perfect artificial companion and developing AI systems These biases often perpetuated by deep learning algorithms underscore the need for critical reflection amid the evolution of AI
