Gay Kink for Dummies Samer Bo,2019-08-25 As an erotic writer I have been getting many questions from people showing interest in various kinds of kink Some consider me a sex expert but I think I learn something new about sex and myself every day I have been having a lot of sex for over 10 years with many different men and in many different countries My life has been mainly focused on sports and sex in addition to some other things here and there When I started exploring my sexuality trying to learn more about sex and finding what I liked I struggled to find useful information for gay men about more than regular sex This book is my attempt to simplify kink and what it means to me It covers the basics and should answer all the questions that a newbie to kink would like to know I want to offer a book that will have accurate honest and straightforward information about sexuality As I have found that portrayals of kink aka BDSM in the media from novels and magazines to television and movies are generally inaccurate misleading one dimensional or just plain wrong I use kink as a catch all term that includes BDSM sadomasochism kinky sex dominance and submission role play

sex games fantasy and fetish But that definition just leads to more terms that need defining I will both define and expand on these words throughout this book so for now just relax But what is kink really And why do I do it For me kink is an intimate experience an exchange of power between people that can be physical erotic sexual psychological spiritual or most often some combination of these It makes me explore the territory between pleasure and pain eroticize the exchange of power experience intense physical sensations and psychological scenarios and test and push my limits Kink can be a unique space where I feel safe enough to try new things push my boundaries flirt with edges and conquer fears The most important thing is Consent everyone is on board with what is going on and nothing happens against anyone s will After that comes trust communication and safety Kink is one area of the spectrum of sexual practices so people do kink for as many reasons as people have sex to give to take to connect to discover to trust to experiment to imagine to learn and to grow Have you ever fantasised by reading fictional accounts of dominance and submission power and lust pleasure and pain hot sex and incredible orgasms Or maybe you have been turned on by watching a porn video Perhaps you have some reservations about these newfound fantasies This book is a primer for gay men who are interested in kink and want to know more about it learn how to negotiate with another guy get some ideas and explore different activities It s meant to be an introduction to the world of kink from my perspective and you will learn more about me on the way I will talk about the truth behind common myths about kink how to talk about your fantasies common kinky terms and tenets dominant submissive role play and sexual power games I will also give some ideas tips and techniques for different kinky activities including sensory deprivation sensation play bondage spanking flogging and more I hope reading this book understanding the different types and definitions as well as the glimpses of my own life I provide throughout the book will give each of you a broader understanding and help to guide you further on your own journey into practicing your own version of kink
