The book reproduces in colour and in great detail over 150 of the key works of the Pop Mass Culture Art tradition allowing the reader to have a closer look and better understanding of these images *Tools As Art* Pete Hamill, 1995-09-15 There are elegant and witty sculptures of tools from common hammers saws screwdrivers pliers and wrenches to machine tools such as the lathe and the drill press in wood glass metal paper and stone constructions of found objects and building materials that use familiar forms to make works of imaginative power and paintings prints and photographs depicting tools of all sorts The artists range from well known figures such as Jim Dine Arman Jean Tinguely Lucas Samaras Richard Estes Claes Oldenburg and Walker Evans to younger men and women some of whom are published here for the first time **Jim Dine, Some Drawings** Jim Dine, Stephanie Wiles, Vincent Katz, 2005 This book of 85 drawings by Jim Dine illustrates the range and mastery of the artist's draftsmanship over more than four decades The variety and breadth of the selection shows the intense way Dine observes the world around him and the excitement with which he records it on paper Dine has said that his ability to draw is both a privilege and the result of hard physical training compelling him to move inexorably forward to capture the next idea or the next psychological insight in drawings that are extraordinarily human The selection includes early tool pencil drawings and collages as well as powerful portrait and figure studies in a variety of media Also included are large painterly pastels executed with a bravura that places them somewhere between painting and drawing Dine sees his paintings and drawings as essentially conceived and developed in the same way requiring the same amount of time emotion and physicality of medium The only difference in the end is that the drawings are on paper The Spiritual in Twentieth-Century Art Roger Lipsey, 2011-10-20 Compelling well illustrated study focuses on the works of Kandinsky Mondrian Klee Picasso Duchamp Matisse and others Citations from letters diaries and interviews provide insights into the artists' views 121 black and white illustrations
