Madagascar Sous Ravalomanana La Vie Politique Depuis:

The Political Crisis of March 2009 in Madagascar Adrien M. Ratsimbaharison, 2017-07-25 Since Independence in 1960 Madagascar has faced several periods of instability and crisis as well as the threat of civil war. These periods were cyclical: each time the country made some significant economic and social progress, an unexpected crisis would occur to bring it to a halt. The book focuses on the crisis of March 2009, showing how a brewing conflict between the government of Marc Ravalomanana and the opposition led by Andry Rajoelina escalated and using it as a case for the study of further crises in Madagascar or other African countries. The book adopts a conflict approach to the study of crisis. Instead of focusing on external symptoms (street protests, violence, looting, massacre of protesters, military mutiny, etc.) or condemning it as a coup d'état, it analyzes the crisis of March 2009 as part of an ongoing conflict between the government and the opposition. It uncovers the causal mechanisms of the crisis as well as the process of crisis management and de-escalation, examining such factors as the context of the crisis, the major actors, the triggers, and the management of the crisis by national and international mediators. In addition, the book explains how a civil war was averted and who benefited as a result of this political crisis.

Madagascar sous Ravalomanana Jean-Loup Vivier, 2007-11-01 Cet ouvrage centre son analyse autour de la personnalité et des controverses et de l'action de l'actuel président malgache Marc Ravalomanana. Cet homme d'affaires devenu chef d'État qu'un hebdomadaire panafricain avait surnommé le PDG de la République. *Madagascar, le coup d'État de mars 2009* Solofo Randrianja, 2012 Le 17 mars 2009, une partie de l'armée s'empare du palais présidentiel situé dans la capitale de Madagascar et renverse le Président Marc Ravalomanana. Lu par deux fois, cet ouvrage composé de onze contributions d'auteurs aux parcours variés traite de divers aspects de ce coup d'état. Organisé par un ancien Disc Jockey, le jeune Andry Rajoelina, nouvellement élu maire de la capitale et soutenue par une partie du monde des affaires et de l'armée, cette prise du pouvoir soulève questions et controverses, expression d'un malaise social et politique profond. Alors que les mouvements de démocratisation sont en développement dans de nombreuses parties du monde, Madagascar semble depuis reculer et glisser progressivement vers un climat de conflits qui divise en profondeur l'ensemble de la société et met mal les institutions. À travers plusieurs textes, cet ouvrage dresse le constat et les mécanismes de cette alternance extraconstitutionnelle pour lancer des pistes de débats et de recherches sur les changements politiques à Madagascar et leur environnement, ainsi que sur la nature de la démocratie. Pour ce faire, des auteurs abordent la politisation de l'armée et la question de son rapport à la société civile, l'installation d'un état de non-droit et les conditions du retour à une normalité constitutionnelle, le pillage des ressources naturelles par une minorité et des réseaux internationaux et leur indispensable contrôle par les locaux, l'importance démographique grandissante de la jeunesse et le nécessaire réexamen des valeurs fondamentales de la société, les jeux des puissances dans cette partie du monde et enfin l'obligation de l'instauration de mécanismes d'apaisement social, de discussions et de médiations. aspects of the provision of security the Small Arms Survey 2011 considers the growth of the private security industry and its firearms holdings worldwide the firearms holdings of private security personnel the use of private security companies by multinational corporations the use of emerging weapons technology among Western police forces and legislative controls over the civilian possession of firearms in 42 jurisdictions around the world Case studies provide original research on ongoing security challenges in C te d Ivoire Haiti and Madagascar This edition also presents the 2011 Small Arms Trade Transparency Barometer an estimate of the annual authorized trade in light weapons and a review of developments related to small arms control at the United Nations
