

MANAGING Leisure

THE JOURNAL OF THE INTERNATIONAL ASSOCIATION OF LEISURE MANAGEMENT

Managing Leisure An International Journal

Wolfgang Guggemos

Managing Leisure An International Journal:

Foundations of Sport Development Chris Mackintosh, 2021-01-19 Offering a complete introduction to sport development policy and practice this book covers key theory themes issues and debates in sport development without assuming any prior knowledge on the part of the reader It outlines the organisational landscape of sport in the UK and explains important differences across England Scotland Wales and Northern Ireland as well as the global context Examining both community and elite sport it covers public private and third sectors including national and local government and national governing bodies and considers change cultural managerial social and political as an element of sport development policy strategy and operations Every chapter includes an in depth case study around which a seminar or tutorial can be based as well as definitions of key concepts and terminology that students and practitioners are likely to encounter during their studies or professional practice Questions at the end of each chapter encourage the reader to reflect on their own work and useful guides to further reading make the book an ideal jumping off point for further study This is the perfect foundation textbook for any sport development course taken as part of a degree program in sport development sport management or sport coaching

International Tourism and Hospitality in the Digital Age Kumar, Suresh, 2015-04-30 Tourism is one of the most rapidly evolving industries of the twenty first century The economy of many countries all over the world depends on their ability to attract visitors and maintain a distinct edge in a highly competitive market International Tourism and Hospitality in the Digital Age brings together the best practices for growth development and strategic management within the tourism and hospitality industries Highlighting comparative research that explores the cross cultural contexts and societal implications of tourism this book is an essential resource for professionals researchers academics and students interested in a contemporary approach to promoting managing and maximizing profitability of leisure and recreation services

International Perspectives of Festivals and Events Jane Ali-Knight, 2008 International Perspectives of Festivals and Events addresses contemporary issues concerning the potential of festivals and events to produce economic social cultural and community benefits Incorporating a range of international perspectives the book provides the reader with a global look at current trends and topics which have until now been underrepresented by current literature International Perspectives of Festivals and Events includes a broad range of research case studies and examples from well known scholars in the field to form a unified volume that informs the reader of the current status of festivals and events around the world In a fast moving industry where new theory and practice is implemented rapidly this is essential reading for any advanced student or researcher in festivals and events

Tourism, Progress and Peace Omar Moufakkir, Ian Kelly, 2010 Tourism has the potential to contribute to world peace and through appropriate management to address current realities such as globalization migration conflicts prejudices and poverty By providing a range of international perspectives and case studies this book discusses the interrelation between peace conflict resolution and tourism the role of industry and the role of the

individual and tourism as a catalyst for change and development Exploring the ideas that there is more to peace than the absence of war and that there is more to tourism than economic interests this book is the first of its kind and an essential resource for researchers students and policymakers in tourism and related subjects **Sport and Society** Barrie Houlihan,2003-04-21 Organized around four themes key to the study of sport perspectives inclusion commercialization and the international context this text provides a student introduction to the field Sport Policy and Politics in an Era of Austerity Dan Parnell,Peter Millward,Paul A. Widdop,Neil King,Anthony May,2019-03-27 Austerity is perhaps the major challenge of our times given the speed at which it arrived and the consequences of its impact upon society The global financial crash and economic downturn was the catalyst for change and against a backdrop of advice from experts adverse to Keynesian economics the ideology of austerity grew and became the dominant thinking to steer economies out of recession This comprehensive volume draws upon both quantitative and qualitative research methodologies to provide a varied and contextually rich insight into sport policy and politics in an era of austerity The authors cover a wide range of issues in a variety of organisational contexts and geographies including sports participation across different socio demographic groups the impact of austerity on the provision of community sports disability sport public management of sport facilities the performance of public sport facilities with respect to access finance utilisation and customer satisfaction the potential impact of austerity on sport for development elite sport and social inclusion and poverty This book makes a significant contribution to the current academic debate while raising important considerations for policymakers and managers It was originally published as a special issue of The International Journal of Sport Policy and Politics *Proceedings* North American Society for Sport History,2006 Research Quarterly for Exercise and Sport ,2003-03 **After the Gold Rush** Anthony Vigor,Melissa Mean,Charlie Tims,2004 The Olympic Games always generates a great deal of enthusiasm and expectation Hosting the greatest show on earth is seen by some as a once in a lifetime opportunity to provide new infrastructure and deliver benefits to local residents and communities Those organising the London 2012 bid are no different claiming a Games would deliver a legacy of new sporting facilities thousands of new jobs new businesses a step change in the nation s physical activity and ultimately a transformation of the East End of London But an analysis of past Games reveals that there is no automatic Olympic dividend with the benefits often failing to flow to the people and places most in need What is clear is that those cities that have secured a more sustainable legacy have embedded the Olympics within a broader urban strategy The challenge for London is to integrate the preparation for and hosting of the Games into a broader social policy agenda from the outset The contributors to this report analyse the challenges facing the organisers and offer a practical vision for a London Games which brings a sustainable legacy for employment sport culture the environment and local communities

Sport and Gender in Canada Kevin Young,Philip White,2007 This contributed volume includes articles on sport and gender written by leading scholars in their areas of expertise Part I demonstrates that 1 the relationship between sport and

gender has not developed in a smooth uncontested or linear way that always privileges all males and always discriminates against all females and 2 that the relationship between sport and gender can best be understood sociologically by tracing the intersections between sport gender and other ways that Canadian life has been and remains stratified such as social class age race ethnicity and sexuality In Chapter 1 Melissa Parker and Philip White explore the chronological development of theoretical frameworks addressing both the gendering of sport and what it means to be gendered in sport Michael Atkinson argues in Chapter 2 that there is a strong link between types of research methods used and knowledge claims made by researchers In Cultural Struggle and Resistance Gender History and Canadian Sport M Ann Hall traces the early moments of organized women's sport in Canada to show that women's sport in Canada is built on far stronger foundations than is often assumed In the following chapter Kevin Wamsley argues that not all men were privileged by early Canadian sport practices For instance he outlines the process through which sport became an arena for the construction of particular types of masculinity notably masculinities that helped reinforce the dominance of powerful groups of men Beginning from the premise that Canadian society and thus Canadian sport is far from classless Peter Donnelly and Jean Harvey provide numerous examples in Chapter 6 to show that there have been major social class and gender inequalities throughout the history of sport Again we are reminded that gender is a complex and multidimensional phenomenon that can best be understood if we trace power differences not only between different groups of men and women but also between different versions of masculinity and femininity associated with particular social groups social classes and social settings Part II of this book focuses on the work currently being done by leading researchers in the area of sport and gender in Canada on a broad spectrum of sport related topics The chapters reflect a variety of theoretical standpoints and methodological procedures These chapters emphasize the need to study gender in a way that is not only non categorical but perhaps moves beyond the distributive level towards understanding how sport assumes particular forms at particular historical junctures and grows out of relations of power that are determined culturally and reinforced ideologically In Chapter 6 Sally Shaw and Larena Hoeber show how the prevalence of gendered discourses hinders the achievement of gender equity in Canadian amateur sport organizations The idea that there is no singular masculinity and femininity operating within Canadian sport is developed in Chapter 7 in which Philip White and Kevin Young review research findings on gender and rates and types of sport injury In Chapter 8 Caroline Davis observes that some femininities are more closely associated with body image disorders than others and discusses the biological sociological and psychological factors acting on the relationship between sport physical activity and eating disorders Chapter 9 by Peter Donnelly Who's Fair Game Sport Sexual Harassment and Abuse identifies how power differences tend to exist at the heart of abusive and exploitive sport based relationships Notions of power relations are also central to Chapter 10 written by Patricia Vertinsky and Sandra O'Brien Cousins on the effects of gender on participation in sport among older Canadians Specifically their chapter demonstrates how older women are disadvantaged relative to men

when it comes to involvement in sport and physical activity Victoria Paraschak's chapter on sport and Canada's First Nations peoples Chapter 11 provides vivid examples of how unequal gender relations are created and reproduced over time Chapter 12 calls for a collapsing of the rigid binary categories of hetero homosexuality on the grounds that these are used to preclude full and equal gay and lesbian participation in sport Identifying patterns of exclusion from participation in sport and physical activity is also the focus of Chapter 13 which is authored by Wendy Frisby Colleen Reid and Pamela Ponc This chapter demonstrates how a combination of poverty and prevailing municipal recreation department policies seriously limit the opportunities of many women from active recreation In Chapter 14 Brian Wilson explores how the media reinforces taken for granted understandings of gender appropriate orientations toward the body and sport In the following chapter Jamie Bryshun and Kevin Young provide some of the first substantial evidence for the routine involvement of female athletes in initiation hazing rituals in Canada and conclude that power relations between neophyte and veteran female players may be just as aggressive coercive and high risk as those occurring on male teams Sport and Gender in Canada reflects a growing body of work highlighting the diversity that exists among Canadian sportswomen and sportsmen in terms of factors such as age race heritage sexuality and social class To speak of a generic sporting masculinity or femininity or indeed of a generic sporting experience simply does not do justice to the complexity of Canadian sporting life

Journal of Hospitality and Tourism Management ,2002 **Fulltext Sources Online** ,2007 *Tourism Recreation Research* ,2008 *New Serial Titles* ,1996 A union list of serials commencing publication after Dec 31 1949 **The Management of Sport** Bonnie L. Parkhouse,2001 This edition is tailored around the informational needs of the sport manager and benefits from new contributors in the specialty areas of organizational theory economics experiential learning human resources management and sport governance Ulrich's International Periodicals Directory Carolyn Farquhar Ulrich,1999 Contains essential bibliographic and access information on serials published throughout the world **International Review for the Sociology of Sport** ,2003 **Gale Directory of Publications & Broadcast Media 141 Sup** Kim Hunt-Lowrance,2007

Tourism and Crime David Botterill,Trevor Jones,2010 With contributions from an international team of highly respected authors and researchers Tourism and Crime brings together concepts ideas and empirical evidence from two distinct fields of research enquiry criminology and tourism studies and maps out a cross disciplinary research agenda for scholars and policymakers in this area **Journal of Scholarly Publishing** ,2007-10
