

Star Players

Jeremy Shockey • Tight End (TE)

Showcase Plays for Shockey

80

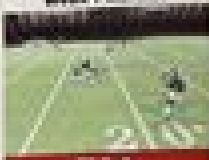

Singleback Teal TE

Play Action

Shockey spends the first moments of this play engaged in a block. With the TE in, the defense is likely to forget about him as a potential pass target. That's when Shockey releases late across the middle. There's your opportunity.

Weak TE Normal

TE Fails

Shockey breaks off the line and runs a diagonal toward the far sideline for fear if you lose a blocker. If it's against a pass-defense, his angular path will provide a few different openings to throw the ball. Simplest move, watch him get a couple of steps on his defender, and punt it out there.

The Pro Bowl tight end is this season on the wing of the offense. Because he's a tight end, he's not a primary target. The Giants' offense is built to stay healthy, meaning only a solid blocker, but he's an excellent blocker, meaning a perfect ball out in a tough situation.

Amari Stewart • Wide Receiver (WR)

Showcase Plays for Stewart

TE Form Normal

TE Channel

This is a great play as first and ten. If the defense is pinned up or in to stop the pass, Stewart will lead his men deep down the sideline. The route takes a bit to the outside near the end, so be prepared to adjust to the ball.

Weak Flood

Stewart lines up in the slot here, potentially causing some confusion for the defense. At the snap, he'll cross the field from left to right as Shockey cuts right to left. With two top threats cutting through the same area, the defense will be on its heels. Not Stewart for a second game.

The Giants' new receiver is loaded with experience. He's logged 1,000-plus yards in yards the past five seasons without missing a game. Stewart is a physical player who can overcome bigger receivers, and get down there thanks to his strong running speed.

TE Screen

The Barber has come off the last year's field moves. In the TE screen, the defense is designed to get the ball and let him cut. He'll cut three yards. As the ball is thrown, the defense is taking an inside outside route. There's a lot of room.

This play is to get away from the defense. It's a great way to get Barber involved when the running game isn't working. Watch the Barber for outside cut into the pattern, and then put it on his numbers.

Michael Strahan is the engine that drives the NFL defense. With an inside route, he'll cut the ball and let him cut. He'll cut three yards. As the ball is thrown, the defense is taking an inside outside route. There's a lot of room.

Cover 3-3-5

Cover 3

The Cover 3 has been exploded quite a bit here all year, but the Giants have some unique personnel that make it effective. Michael Strahan is a superb pass rusher who can bring pressure, while Shaun Williams is a physical safety who can break up any deep pass or screen.

Cover 3-3-5

Cover 3

Yogi Berra has been a real contributor during his time in the NFL, but now he's stepped up to take over. He's still a great TE, and can help the pass rushing by cutting in. He's a great play to surprise the defense with, and the Giants always need help generating a pass rush.
