Intra-Africa Student Mobility in Higher Education Chika Trevor Sehoole, Jenny J. Lee, 2022-01-01 This book examines student mobility within Africa International student mobility is among the central activities of higher education internationalization As the number of international students increase so do the destinations in both number and geographic diversity Historically international student mobility has followed South North and North North patterns However recent literature show the growth in North South and South South patterns of student mobility There has also been a rise in regional mobility In what is referred to in the book as intra Africa mobility the book explores and analyzes the patterns of intra Africa mobility based on seven African countries South Africa Kenya Uganda Nigeria Ghana Senegal and Egypt The editors and contributors address three central research questions Why did the students choose the country they are studying in Why did they choose the institution they are studying in What are their academic and social experiences in these countries and their respective institutions This book is the first comprehensive exploration of intra Africa student mobility in a field that traditionally centers on the Global North International Perspectives of Distance Learning in Higher Education Joi L. Moore, Angela Benson, 2012-03-16 This book written by authors representing 12 countries and five continents is a collection of international perspectives on distance learning and distance learning implementations in higher education The perspectives are presented in the form of practical case studies of distance learning implementations research studies on teaching and learning in distance learning environments and conceptual and theoretical frameworks for designing and developing distance learning tools courses and programs The book will appeal to distance learning practitioners researchers and higher education administrators To address the different needs and interests of audience members the book is organized into five sections Distance Education Management Distance Education and Teacher Development Distance Learning Pedagogy Distance Learning Students and Distance Learning Educational Tools **Gender and Practice** Vasiliki (Vicky) Demos, Marcia Texler Segal, Kristy E. Kelly, 2019-09-30 In Gender and Practice Insights from the Field twelve chapters contribute to the creation of an accessible body of knowledge that looks to provide gender practitioners with examples of what works and what doesn't in the attainment of gender equality Sustainable Digital Communities Anneli Sundqvist, Gerd Berget, Jan Nolin, Kjell Ivar Skjerdingsstad, 2020-03-19 This volume constitutes the proceedings of the 15th International Conference on Sustainable Digital Communities iConference 2020 held in Borås Sweden in March 2020 The 27 full papers and the 48 short papers presented in this volume were carefully reviewed and selected from 178 submissions They cover topics such as sustainable communities social media information behavior information literacy user experience inclusion education public libraries archives and records future of work open data scientometrics AI and machine learning methodological innovation **North-South Knowledge Networks Towards Equitable Collaboration Between** Tor Halvorsen, Jorun Nossun, 2017-02-23 Since the 1990s internationalisation has become key for institutions wishing to secure

funding for higher education and research For the academic community this strategic shift has had many consequences Priorities have changed and been influenced by new ways of thinking about universities and of measuring their impact in relation to each other and to their social goals Debates are ongoing and hotly contested In this collection a mix of renowned academics and newer voices reflect on some of the realities of international research partnerships They both question and highlight the agency of academics donors and research institutions in the geopolitics of knowledge and power The contributors offer fresh insights on institutional transformation the setting of research agendas and access to research funding while highlighting the dilemmas researchers face when their institutions are vulnerable to state and donor influence Offering a range of perspectives on why academics should collaborate and what for this book will be useful to anyone interested in how scholars are adapting to the realities of international networking and how research institutions are finding innovative ways to make NorthSouth partnerships and collaborations increasingly fair sustainable and mutually beneficial
