L'art Du Zazen:

L'art du Zazen Pierre Crépon, 2012-12-06 Le zazen littéralement méditation assise dont il est question ici se situe au sein de la transmission du bouddhisme dont il constitue la pratique essentielle. Bien qu'il consiste à s'asseoir en posture de méditation, il est beaucoup plus qu'un simple exercice de méditation. Il est la mise en pratique de l'enseignement de Bouddha. En voquant le zazen, cet ouvrage se réfère à différents aspects de la doctrine de Bouddha et aux enseignements des maîtres du zen. Mais comme le zazen est une expérience de type religieuse, il parle finalement d'expériences communes à tous ceux et celles qui suivent une Voie spirituelle. Comme tout art, le zazen nécessite un apprentissage. Si on recule devant la difficulté, il est difficile de progresser. Comme dans tout art, finalement, il n'y a pas de stade final, on progresse toujours. Mais la différence de la plupart des autres créations artistiques, qui sont le fruit d'une projection de nous-mêmes dont on peut être satisfait ou insatisfait, le zazen est complet en lui-même. Il n'est pas une excroissance de soi-même mais un oubli de soi dans l'adéquation au Dharma, l'ordre naturel de l'univers. C'est de cela dont est issu cet ouvrage et c'est cela dont il parle.

Art as experience of the living body / L'art comme expérience du corps vivant Christine Vial Kayser, 2024-01-23 This book analyses the dynamic relationship between art and subjective consciousness following a phenomenological pragmatist and enactive approach. It brings out a new approach to the role of the body in art, not as a speculative object or symbolic material but as the living source of the imaginary. It contains theoretical contributions and case studies taken from various artistic practices: visual art, theatre, literature and music. Western and Eastern, the latter concerning China, India and Japan. These contributions allow us to nourish the debate on embodied cognition and aesthetics using theory, philosophy, art history, neuroscience and the authors' personal experience as artists or spectators. According to the Husserlian method of reduction and pragmatist introspection, they postulate that listening to bodily sensations, cramps, heartbeats, impulsive movements, eye orientation can unravel the thread of subconscious experience, both active and affective, that emerges in the encounter between a subject and an artwork, an encounter which, following John Dewey, we deem to be a case study for life in general. Ce livre analyse la relation dynamique entre l'art et la conscience subjective selon une approche phénoménologique pragmatiste et enactive. Il vise à faire émerger une nouvelle approche du rôle du corps dans l'art, non pas comme objet spéculatif ou matériau symbolique mais comme source vivante de l'imaginaire. Les contributions théoriques et les études de cas sont prises de diverses pratiques artistiques : arts visuels, théâtre, littérature et musique occidentales et orientales, ces dernières concernant la Chine, l'Inde et le Japon. Selon la méthode husserlienne de réduction et l'introspection pragmatiste, les textes témoignent que l'écoute des sensations corporelles, crampes, battements de cœur, mouvements pulsionnels, orientation des yeux, mises en jeu par l'œuvre, permet de dénouer le fil de l'expérience inconsciente, à la fois kinesthésique et affective, qui merge dans la rencontre entre un sujet et une œuvre d'art, une rencontre comprise à la manière de Dewey comme un cas d'école de la vie en général.

L'art du zazen Pierre Crépon, 2017-02-24 *Arts Bouddhiques D'Asie* Barry Till, Art Gallery of Greater Victoria, 2001 *The Studio*, 1910

L'art du rire et de la caricature Arsène Alexandre, 1892 **Giorgio Morandi** Francesco Arcangeli, 1964 *L'Art à l'époque du virtuel*, 2003-12-01 L'art est désormais entré dans l'époque de virtuel dont il s'agit de décrire les caractéristiques. Ces nouveaux modèles engendrent des transformations dans la perception de l'espace et du temps. Le statut d'une image simulée, hybride, archivée, interactive ou détruite par les virus se place désormais au centre des théories et pratiques artistiques. Ces dernières donnent naissance des corps virtuels, des artefacts qui rendent de plus en plus problématique l'humain et la subjectivité.
