The iPhone Book (Covers iPhone 3G, Original iPhone, and iPod Touch) Scott Kelby, Terry White, 2009-03-06 The first edition of *The iPhone Book* was chosen by Amazon's editors as their Computer Technology Book of the Year. This new version of the book, totally updated and expanded for the 3G iPhone, was chosen by Amazon as one of their Top 10 Must-Have Books in their annual list of the most gift-worthy books of the holiday season. Here's why this book has become such a hit with iPhone users around the world: it's not a "Tell me all about it" book which has in-depth discussions on everything from wireless network protocols to advanced compression codes. Instead, it's a "show me how to do it" book that skips all the confusing techno-jargon and just tells you in plain, simple English exactly how to use the iPhone features you want to use most. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. In this book, you'll learn:

- How to set up and manage your email the right way from the start.
- How to take advantage of the iPhone's Web features, including important tips that help you avoid frustration and get you where you want to go fast.
- How to download and install applications from Apple's online App Store.
- The key trouble-shooting tips you've got to know.
- How to get your favorite photos onto your iPhone.
- Tips for using its built-in camera and how to make the most of the iPhone's surprisingly powerful photo features.
- The tips you've got to know to use your iPhone's built-in iPod features, including watching videos, podcasts, TV shows, and movies you're going to be amazed at.
- Some of the cool things you can do.
- How to use the iPhone's built-in applications to organize your life.
- You'll learn things in this chapter you didn't know the iPhone could do.
- The top 20 tips for the iPhone's phone feature that will make you fall in love with it.
- You'll never want to use any other phone again.
- Plus so much more, including a special bonus chapter called iPhone Killer Tips where you'll learn those hidden secrets that you'll be passing on to your iPhone friends, and they will be amazed.

The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller *The iPod Book*, who teams up once again with gadget guru and iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself: simple to use and fun to learn.
