

Part 1: Design

10 marks

1. **Identify listed issues:** List 'issues' in the group generated possible design ideas. Identify three ideas, providing as much detail as possible.
2. **Evaluate and design:** Select a viable solution/idea from the list and effectively describe a final design idea based on the strengths of each member's ideas.
3. **Design brief:** Write a design brief with detailed specifications for the final design idea, covering aspects such as size, materials, safety, and functionality.
4. **Flow chart:** Write a flow chart to present with the design and construction phases, and each learner creates a flowchart to outline the steps to be taken.

Part 2: Pricing and Bidding

10 marks

1. **Working drawings:** Each learner is responsible for creating detailed plan drawings for an aspect of the plan, using first angle orthographic projection. Ensure that you add a suitable scale, correct line types, and dimensions.
2. **Budget:** Prepare a budget for the 'real life' situation, including accurate materials and labour costs. Ensure that your budget is realistic and based on real market costs.
3. **Model of a viable solution:** Build a scale model of your final design idea. The model should be constructed neatly and show intelligent use of materials. Group practice safety when working with tools and materials.

Part 3: Evaluation

10 marks

1. **Evaluation instrument:** Collaborate as a team to create an evaluation instrument. This instrument will be used to assess your team's solution and another team's solution. This will be done during the presentation phase.

Part 4: Communication

10 marks

1. **Tender Presentation:** Teams will present their tender bid to the 'Tender board' (your teacher and classmates). Each team member must be responsible for presenting a specific aspect of the project. Your presentation should include drawings, plans, the budget, the model, and suitable responses.

Community Issues – The Contractors

In this Mini-PAT (Practical Assessment Task), you will act as part of a contracting company competing for a contract to design and build a structure that addresses a problem facing a community. The project will focus on identifying a problem, investigating possible solutions, designing a structure, costing the project, and evaluating the final solution. You will be working in a group.

Part 1: The Tender Process (Including Ethical Practices)

10 marks

1. **Scenario Introduction:** A community lives on a major river's far bank. The river is wide and deep, preventing the people from reaching the city on the opposite side. This means that the people cannot take advantage of the work opportunities, the excellent medical and schools facilities, and the wide range of shops available in the city.

2. **Investigation:** Teams discuss possible structures to solve

A Field Guide to Lies Daniel J. Levitin, 2019-11-19 Winner of the National Business Book Award From the New York Times bestselling author of *The Organized Mind* and *This Is Your Brain on Music* a primer to the critical thinking that is more necessary now than ever We are bombarded with more information each day than our brains can process especially in election season It's raining bad data half truths and even outright lies New York Times bestselling author Daniel J Levitin shows how to recognize misleading announcements statistics graphs and written reports revealing the ways lying weasels can use them It's becoming harder to separate the wheat from the digital chaff How do we distinguish misinformation pseudo facts and distortions from reliable information Levitin groups his field guide into two categories statistical information and faulty arguments ultimately showing how science is the bedrock of critical thinking Infoliteracy means understanding that there are hierarchies of source quality and bias that variously distort our information feeds via every media channel including social media We may expect newspapers bloggers the government and Wikipedia to be factually and logically correct but they so often aren't We need to think critically about the words and numbers we encounter if we want to be successful at work at play and in making the most of our lives This means checking the plausibility and reasoning not passively accepting information repeating it and

making decisions based on it Readers learn to avoid the extremes of passive gullibility and cynical rejection Levitin s charming entertaining accessible guide can help anyone wake up to a whole lot of things that aren t so And catch some weasels in their tracks *How to Handle Pay Controls, 1952-53* Walter Lord,1952 **Fundamentals of Human Resource Management** Robert N.
