Integrated Risk Management for Leisure Services Robert B. Kauffman, Merry Lynn Moiseichik, 2013-01-30

Integrated Risk Management for Leisure Services provides both students and professionals with a systematic approach to safety. By integrating risk management, accident prevention, and emergency response with information on legal liability, Integrated Risk Management for Leisure Services enables leisure service providers to implement strategies to reduce or eliminate bodily injury, property damage, and financial loss. Integrated Risk Management for Leisure Services uses a four-phase integrated risk management model. The first three phases focus on negligence, the accident process, and risk management plans to reduce or eliminate injury, damage, or loss. The fourth phase focuses on what to do after an incident occurs to reduce the impact of injury, damage, or loss. Integrated Risk Management for Leisure features several unique aspects for students and professionals in the recreation and park field. It covers safety prevention and accident processes in the recreation and parks field. Then it addresses how to manage the post-incident situation to reduce impacts. Last, the text integrates these two new areas with the traditional areas of legal liability and risk management planning in an effort to provide safer recreation and park programs.

Report Writing for Criminal Justice Professionals Larry Miller, John Whitehead, 2017-09-14
The criminal justice process is dependent on accurate documentation. Criminal justice professionals can spend 50-75 percent of their time writing administrative and research reports. The information provided in these reports is crucial to the functioning of our system of justice. *Report Writing for Criminal Justice Professionals*, Sixth Edition, provides practical guidance with specific writing samples and guidelines for providing strong reports. Most law enforcement, security, corrections, and probation and parole officers have not had adequate training in how to provide well-written, accurate, brief, and complete reports. *Report Writing for Criminal Justice Professionals* covers everything officers need to learn, from basic English grammar to the difficult but often ignored problem of creating documentation that will hold up in court. This new edition includes updates to reference materials and citations, as well as further supporting examples and new procedures in digital and electronic report writing.
