## **iPhone 4s User Guide Verizon:**

**The iPhone Book** Scott Kelby, Terry White, 2012-02-14 If you're looking for a book that focuses on just the most important, most useful and most fun stuff about your iPhone 4S, iPhone 4 or iPhone 3GS, you've found it. There are basically two types of iPhone books out there: 1. The "tell me all about it" kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. 2. Then there's this book, which instead is a "show me how to do it" book that skips all the confusing techno jargon and just tells you in plain, simple English exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller *The iPod Book*. Scott takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself: simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007, and since then Scott and Terry have added even more tips and tricks and made it even easier by focusing on just the most useful and most requested iPhone 4S, 4 and 3GS features without all the techno babble, so you can start really using your iPhone today.

**iPhone: The Missing Manual** David Pogue, 2011-12-13 With the iOS5 software and the new iPhone 4S device, Apple has another world-class hit on its hands. This sleek, highly refined pocket computer comes with everything: cellphone, iPod, Internet camcorder, except a printed manual. Fortunately, David Pogue is back with the latest edition of his witty, crystal-clear, colorful guide, the world's most popular iPhone book. Use it as a phone. Learn the basics, as well as time-saving tricks and tips for contact searching by voice, texting and more. Manage your stuff in the cloud. Sync and back up your contacts and media across all of your devices with iCloud. Get things done. Ask Siri to send reminders, place calls and more. Master notifications. Use the Notification Center to find missed messages, calendar invitations, friend requests and more. Connect with other iPhone owners. Send unlimited iMessages to friends, family and colleagues who are also running iOS5. Treat it as an iPod. Master the ins and outs of iTunes and listen to music, upload and view photos and fill the iPhone with TV shows and movies. Take the iPhone online. Make the most of your online experience to browse the Web, read and compose email, use social networks or send photos and audio files. Go beyond the iPhone. Learn how to use the App Store and how to multitask between your apps, organize them in folders and read ebooks in iBooks. Whether you have a brand-new iPhone or want to update an earlier model with the iOS5 software, this beautiful full-color book is the best, most objective resource available. **A Simple Guide to Verizon iPhone 4** Mary Lett, 2011-03-01 From basics such as voice mail, text messaging and GPS to the newest and coolest apps, this straightforward user's guide helps readers customize their Verizon iPhone 4 for optimum productivity and fun. The book discusses how to customize home and lock screens and ring tones, take pictures and video and use the App
