mark in history like the Vincent V twin from its arrival in 1946 and up to the present day On the road in club racing in drag
races or competing for land speed records it dominated the motorcycle world leading to the famous catchphrase coined by
the factory The World s Fastest Standard Motorcycle It was a FACT NOT a slogan Images such as that of Rollie Free in
swimming trunks laying flat on his works modified Black Shadow and taking the American motorcycle land speed record at
Bonneville in 1948 have now passed into posterity In fact the big Vincent was so ahead of its time that it continued to
compete successfully almost arrogantly in racing until the mid 1970s against modern bikes No other motorcycle in the world
can claim this kind of achievement Following the premature ending of Vincent production Fritz Egli s 1967 Egli Vincent was
the first chassis completely redesigned for a Vincent in 21 years Egli s machine inspired numerous builders for several
generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern
