July 1914 Countdown To War:

7/1/1914 Sean McMeekin, 2013-04-09 Focusing on the weeks preceding the beginning of World War I traces the efforts of a group of statesmen who used the assassination of Archduke Ferdinand which was largely ignored to trigger the outbreak of war **July 1914** Sean McMeekin, 2014 The outbreak of the First World War was a drama never surpassed One hundred

years later the characters still seem larger than life Archduke Franz Ferdinand brooding heir to the Habsburg throne the fanatical Bosnian Serb assassins who plot to murder him Conrad and Berchtold the Austrians who exploit the outrage Kaiser Wilhelm and Bethmann Hollweg backing up the Austrians Sazonov Russian Foreign Minister trying to live down a reputation for cowardice Poincaré and Paléologue two French statesmen who urge on the Russians and not least Winston Churchill who alone among Cabinet officials in London perceives the seriousness of the situation in time to take action July 1914 tells the story of Europe's countdown to war through the eyes of these men between the bloody opening act on 28 June 1914 and Britain's final plunge on 4 August which turned a European conflict into a world war The outbreak of war was no accident of fate Individual statesmen pursuing real objectives conjured up the conflict in some cases by conscious intention While some sought honourably to defuse tensions others all but oozed with malice as they rigged the decks for war Dramatic inevitably tense and almost forensically observed Sean McMeekin's unique book retells the story of that cataclysmic month making clear as never before who was responsible for the catastrophe You will never think the same way again about the origins of the First World War *July 1914* Sean McMeekin, 2013 On 28 June 1914 Archduke Franz Ferdinand was assassinated in Sarajevo A little over a month later the world was engulfed in the bloodiest conflict mankind had ever seen How did such tragedy unfold so quickly **July 1914**, 1975 Contesting the Origins of the First World War Troy Paddock, 2019-07-31

Contesting the Origins of the First World War challenges the Anglophone emphasis on Germany as bearing the primary responsibility in causing the conflict and instead builds upon new perspectives to reconsider the roles of the other Great Powers Using the work of Terrance Zuber Sean McMeekin and Stefan Schmidt as building blocks this book reassesses the origins of the First World War and offers an explanation as to why this reassessment did not come about earlier Troy R E Paddock argues that historians need to redraw the historiographical map that has charted the origins of the war His analysis creates a more balanced view of German actions by also noting the actions and inaction of other nations Recent works about the roles of the five Great Powers involved in the events leading up to the war are considered and Paddock concludes that Germany does not bear the primary responsibility This book provides a unique historiographical analysis of key texts published on the origins of the First World War and its narrative encourages students to engage with and challenge historical perspectives Railways in the First World War, Volume 1 Andrea Giuntini, Henry Jacolin, 2025-10-27 This book the first in a two volume work resulting from a 2018 conference organised by the International Railway History Association IRHA examines the relationship between the railways and the First World War from a global theoretical methodological and

geographical perspective Although World War I 1914-1918 has been studied extensively from virtually every angle the question of the railways has not been the subject of robust historical interest despite their crucial role in every respect and at every stage The war forced the railways to adopt more efficient techniques more quickly than they would have done in peacetime to the extent where military operations would not have been possible without their massive and multifaceted help This collection of essays brings together specialists in the field from a broad range of disciplines and backgrounds to demonstrate how this topic is integral to understanding the developments of European and world history throughout the 1910s and 1920s Railways in the First World War will be a useful tool for students scholars and non specialist readers interested in the history of transport the history of the First World War and World history [The Origins of the First World War](#) James Joll, Gordon Martel, 2022-08-02 This thoroughly revised edition has been updated to incorporate recent case studies biographies syntheses journal articles and scholarly conferences that appeared in conjunction with the centenary of the outbreak of the First World War in 1914 The original version of this work published by James Joll in 1984 quickly became established as the authoritative introduction to the subject of the war's origins Significantly expanded by Gordon Martel in 2007 this volume continues to offer a careful clear and comprehensive evaluation of the multitude of explanations advanced to explain the causes of the cataclysm of 1914 addressing each of the major interpretive approaches to the subject with essay like chapters addressing the alliance system militarism and strategy the international economy imperial rivalries the role of domestic politics and the mood of 1914 This edition offers an extensive new introduction a new conclusion including ten fateful choices that led to war an entirely new chapter on the July Crisis and a vastly expanded Guide to Further Reading Covering over a century of controversy and scholarship The Origins of the First World War is a valuable resource for all students and scholars interested in this major conflict **Origins of the First World War** Gordon Martel, 2016-10-04 Origins of the First World War summarizes the policies issues and crises that brought Europe to war in 1914 Examining the strategic and political problems that confronted each of the great powers and the way in which social and economic factors influenced the decision making process Martel discusses the position of each power and their place in the system of alliances which dominated international politics The fourth edition has been revised and updated throughout to incorporate the body of new scholarship that has appeared since the hundredth anniversary of the outbreak of war In a clear and accessible manner it explains how and why the alliance system was created how alliances led to a network of complicated strategic commitments how an escalating series of international crises from the turn of the century fuelled preparations for war why the peculiarities of the Balkan situation are essential in understanding the outbreak of war in 1914 This book also includes an updated Guide to Further Reading Who's Who of important figures and Glossary of key terms and the selection of documents has been expanded to include the key treaties as well as evidence of popular militarism and nationalism Concise accessible and analytical it is essential introductory reading for all students interested in the origins of the First World War

Parameters, 2014 **Our Friend the Enemy** David W. Cameron, 2014-10-01 Our Friend the Enemy is the first detailed history of the Gallipoli campaign at Anzac since Charles Bean's Official History Viewed from both sides of the wire and described in first hand accounts Australian Captain Herbert Layh recounted that as they approached the beach on 25 April that once we were behind cover the Turks turned their fire on us and gave us a lively 10 minutes A poor chap next to me was hit three times He begged me to shoot him but luckily for him a fourth bullet got him and put him out of his pain Later that day Sergeant Charles Saunders a New Zealand engineer described his first taste of battle The Turks were entrenched some 50 100 yards from the edge of the face of the gully and their machine guns swept the edges Line after line of our men went up some lines didn't take two paces over the crest when down they went to a man and on came another line Gunner Recep Trudal of the Turkish 27th Regiment wrote of the fierce Turkish counter attack on 19 May designed to push the Anzac's back into the sea It started at morning prayer call time and then it went on and on never stopped You know there was no break for eating or anything Attack was our command That was what the Pasha said Once he says Attack you attack and you either die or you survive *World War I* Margaret Thomas, Merle Davenport, 1997 World War I seeks to acquaint your students with the causes and results of World War I They will learn why the war began how the allied countries were divided what happened on the different fronts of the war the outcome of the war and its impact on the world through fictional journal entries newspaper articles letters and editorials The activities and questions following each article encourage students to think critically about the past different people's behavior and what they may have done if faced with a similar situation

Countdown to Valkyrie Nigel Jones, 2008 True crime **A History of the United States, Volume II.**, 1992 July 1914: Soldiers, Statesmen, and the Coming of the Great War Samuel R. Williamson, Jr., Russel Van Wyk, 2003-02-06 Historians have long sought to explain how the world descended into war in the wake of the assassination of Archduke Franz Ferdinand and his wife on June 28 1914 Focusing on the interactions between two key leaders one civilian and one military in each of the Great Powers and Serbia this documentary history explores how individuals not monolithic governments and impersonal forces contributed to the rapidly escalating crisis leading to World War I A brief introduction outlines the background for July 1914 followed by seven chapters on events in each of the major nations involved interwoven with over 70 documents including memoirs diaries telegrams press reports and private letters to illustrate how the crisis developed An epilogue addresses the relative roles and influence of civilian and military leaders in leading the nations inexorably along the path to war The volume also contains 14 images and two maps a chronology a glossary of key figures Selected Bibliography Questions for Consideration and an index **The Irish Factor, 1899-1919** Jérôme aan De Wiel, 2008 This book examines strategic and diplomatic issues concerning Ireland at the beginning of the 20th century together with espionage sabotage and propaganda operations of foreign powers trying to manipulate Ireland Focussing on continental European powers such as Austria Hungary France Germany and to a lesser extent Russia the book is based on research in diplomatic and military

archives notably in Berlin Brussels Paris and Vienna The research unearthed many unknown documents which in turn produced some unexpected revelations During the Boer War the French envisaged a landing in Ireland to strike at Britain They had also financed the activities of certain Irish nationalists The Germans and the French battled in the United States in order to control the influential Irish American community The comparison of documents found in archives in London and Berlin shows that some British officials let the Easter Rising of 1916 deliberately happen the aim being the decapitation of the Irish republican movement The book also reveals the existence of hitherto relatively unknown characters which played their part in the course of Irish history The correspondence between George Freeman in New York and Professor Theodor Schiemann in Berlin sheds light on Germany's interest in Irish and Irish American republican movements France's diplomatic icons Paul and Jules Cambon became increasingly aware of the Irish world's threat after the signing of the Entente Cordiale in 1904 'Ours' Ian Ronayne,2009 Dominating the history of the Island of Jersey is the story of its occupation by German forces in World War II Twenty years earlier however another devastating war had struck the Island affecting the lives and liberties of its people Central to this story was the Jersey Contingent In 1915 this band of 300 young men volunteered to fight for King and country in a war beyond the comprehension of most Feted as heroes they proudly took their place in the trenches of the Western Front But the war was to have a devastating effect both on the Contingent and their Island Soon the volunteers were not only fighting the enemy but also waging a bitter struggle for continued recognition and support from home This book tells the moving but ultimately tragic story of one small and unique unit caught in the maelstrom of World War I Cavalry of the Clouds John Sweetman,2010 This is undoubtedly the best history of the Royal Flying Corps on the Western Front Beautifully researched it has a fine grasp of detail and shows deep understanding of the context in which these young men risked and so often lost their lives Professor Richard Holmes CBETD *The Road to Sarajevo* Harry Mills,1983 The Origins of the War of 1914 Luigi Albertini,1953 **Archiv für Sozialgeschichte** ,2016
