## **Judaism And Christianity:**

**Jewish-Christianity and the History of Judaism** Annette Yoshiko Reed, 2018-07-12 Jewish Christianity is a contested category in current research. But for precisely this reason it may offer a powerful lens through which to rethink the history of Jewish-Christian relations. Traditionally Jewish Christianity has been studied as part of the origins and early diversity of Christianity. Collecting revised versions of previously published articles together with new materials, Annette Yoshiko Reed reconsiders Jewish Christianity in the context of Late Antiquity and in conversation with Jewish studies. She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present-day notions of Christianity as distinct from Judaism. In the process, she uses these materials to probe the power and limits of our modern assumptions about religion and identity.

Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient texts or groups are within Judaism, as well as exploring how rabbinic Jews, Christians, and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities. Belief in Jesus as the Messiah was seen as part of first-century Judaism, but by the fourth or fifth century the boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism. Resituating New Testament texts within first or second-century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE, but normatively these texts remain within Christianity because of their reception history. The historical within-Judaism perspective, however, has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long-held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement.

**The Partings of the Ways** James D. G. Dunn, 2006 A unique study of the development of Christianity's divergence from Judaism that is most relevant to today's students of multi-faith societies.

**Judaism, Christianity and the Modern Social Ideals** Gresham George Fox, 1918

Rationalization in Religions Yohanan Friedmann, Christoph Marksches, 2018-12-17 Current tendencies in religious studies and theology show a growing interest for the interchange between religions and the cultures of rationalization surrounding them. The studies published in this volume, based on the international conferences of both the Berlin Brandenburgische Akademie der Wissenschaften and the Israel Academy of Sciences and Humanities, aim to contribute to this field of interest by dealing with concepts and influences of rationalization in Judaism, Christianity, Islam, and religion in general. In addition to taking a closer look at the immediate links in the history of tradition between those rationalizing movements and evolutions in religion, emphasis is put on intellectual historical convergences. Therefore, the articles are led by central comparative questions such as what factors foster/hinder rationalization, where are criteria for rationalization drawn from, in which institutions is rationalization taking place, who propagates/supports and utilizes

rationalization     **Jewish Christianity Reconsidered** Matt A. Jackson-McCabe, 2007 Contributions from renowned scholars of early Judaism and Christianity     Judaism, Christianity, & Islam : a Sourcebook Yaron ; Knysh Eliav (Alexander ; Williams, Ralph), Yaron Eliav, Alexander D. Knysh, 2007     **Judaism, Christianity, and Islam** Moshe Sharon, 1989     **Judaism and Christianity** Rabbi Stuart Federow, 2012 Many people focus on the similarities between Judaism and Christianity but the religions are quite different and it is not just because one accepts Jesus as the messiah and the other does not The rise of Christians calling themselves messianic Jews the successes of Christian missionaries Jews ingratiating themselves to Evangelical Christians because of their support for the State of Israel the overuse of the term Judeo Christian and the increasing use of Jewish rituals in Christian churches blur the lines between Judaism and Christianity Develop a better understanding of the irreconcilable differences between Judaism and Christianity and where the two faiths hold mutually exclusive beliefs You will learn how Their views differ regarding God humanity the devil faith versus the law the Messiah and more Both faiths read the same Biblical verses but understand them so differently and Missionary Christians use this blurring of the lines between the two faiths and other techniques to convert Jews to Christianity Real interfaith dialogue begins when those engaging in it not only speak of how they are similar but also where they differ Real understanding begins when the topics discussed are in areas of disagreement Judaism and Christianity A Contrast will help you understand the Jewish view of these disagreements     *Seeing Judaism Anew* Mary C. Boys, 2005 In September 2002 twenty one prominent Catholic and Protestant scholars released the groundbreaking document A Sacred Obligation which includes ten statements about Jewish Christian dialogue focused around a guiding claim Revising Christian teaching about Judaism and the Jewish people is a central and indispensable obligation of theology in our time Following the worldwide reception of their document the authors have expanded their themes into *Seeing Judaism Anew* The essays in this volume offer a conceptual framework by which Christians can rethink their understanding of the church's relationship to Judaism and show how essential it is that Christians represent Judaism accurately not only as a matter of justice for the Jewish people but also for the integrity of Christian faith By linking New Testament scholarship to the Shoah Christian liturgical life and developments in the church this volume addresses the important questions at the heart of Christian identity such as Are only Christians saved Why did Jesus die Why is Israel so important to Jews and what should we think about the conflict in the Middle East How is Christianity complicit in the Holocaust What is important about Jesus being a Jew     **The Concept of Soul in Judaism, Christianity and Islam** Christoph Böttigheimer, Wenzel Maximilian Widenka, 2023-07-24 This volume of the series Key Concepts in Interreligious Discourses investigates the roots of the concept of soul in Judaism Christianity and Islam The human soul fascinates not only believers in the three monotheistic faiths Believing in an immortal entity surpassing body matter and their temporality and thus seeming to be closer to the creator than the mere body was and remains to be a vividly discussed theme in theological and practical debates Even our secular postreligious environment is unable to

disengage from the key concept of the soul Numerous proverbs undefined concepts and hopes prove this fact Asking for the soul means asking fundamental questions like life after death and therefor asking for one of the most fundamental and uniting hopes of human beings be they secular or religious The volume presents the concept of soul in its different aspects as anchored in the traditions of Judaism Christianity and Islam It unfolds commonalities and differences between the three monotheistic religions as well as the manifold discourses about peace within these three traditions The book offers fundamental knowledge about the specific understanding of the soul in each one of these traditions their interdependencies and their relationship to secular world views     *Jewish Christianity* H.E. Dana,2016-10-24 Effective interpretation views the New Testament in historical perspective In this expository survey of Acts i to xii James I and II Peter Jude and Hebrews the author treats these portions of the New Testament as the life and literature which developed from the original disciples of Jesus and their Jewish followers The work is designed for the average student of the English New Testament     *Love, Sex and Marriage* Dan Cohn-Sherbok,George D. Chryssides,Dawoud El-Alami,2013-04-30 In all three Abrahamic faiths Judaism Christianity and Islam marriage is part of God s plan for humanity as illustrated in the Hebrew Scriptures the New Testament and the Koran as well as the religious literature of these three traditions It is viewed as a sacred bond as well as a means to personal fulfilment It is more than a legal contract rather an institution with cosmic significance legitimized through divine authority In Judaism Christianity and Islam the purpose of marriage is to build a home create a family and thereby perpetuate society Yet despite the similarity of perception in the great monotheistic faiths there are important differences In this book three scholars outline sex law betrothal and marriage family life and the understanding of divorce in these traditions and discuss the differences between them in a student friendly and accessible way     *Judaism, Christianity, and Liberation* Otto Maduro,1991     **Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume II** F. E. Peters,1990-08-15 F E Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham Through these extensive passages and the author s connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled From publisher description     **Jewish Christianity** Matt Jackson-McCabe,2020-06-23 A fresh exploration of the category Jewish Christianity from its invention in the Enlightenment to contemporary debates For hundreds of years historians have been asking fundamental questions about the separation of

Christianity from Judaism in antiquity Matt Jackson McCabe argues provocatively that the concept Jewish Christianity which has been central to scholarly reconstructions represents an enduring legacy of Christian apologetics Freethinkers of the English Enlightenment created this category as a means of isolating a distinctly Christian religion from what otherwise appeared to be the Jewish culture of Jesus and the apostles Tracing the development of this patently modern concept of a Jewish Christianity from its origins to early twenty first century scholarship Jackson McCabe shows how a category that began as a way to reimagine the apologetic notion of an authoritative original Christianity continues to cause problems in the contemporary study of Jewish and Christian antiquity He draws on promising new approaches to Christianity and Judaism as socially constructed terms of identity to argue that historians would do better to leave the concept of Jewish Christianity behind

**Exegetical Crossroads** Georges Tamer, Regina Grundmann, Assaad Elias Kattan, Karl Pinggéra, 2017-12-18 The art of interpreting Holy Scriptures flourished throughout the culturally heterogeneous pre modern Orient among Jews Christians and Muslims Different ways of interpretation developed within each religion not without considering the others How were the interactions and how productive were they for the further development of these traditions Have there been blurred spaces of scholarly activity that transcended sectarian borders What was the role played by mutual influences in profiling the own tradition against the others These and other related questions are critically treated in the present volume

Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient texts or groups are within Judaism as well as exploring how rabbinic Jews Christians and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities Belief in Jesus as the Messiah was seen as part of first century Judaism but by the fourth or fifth century the boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism Resituating New Testament texts within first or second century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE but normatively these texts remain within Christianity because of their reception history The historical within Judaism perspective however has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement

**Judaism and Jesus** Zev Garber, Kenneth L. Hanson, 2019-10-29 This insightful volume represents the hands on experience in the world of academia of two Jewish scholars one of Orthodox background and the other a convert to the Jewish faith As a series of separate but interrelated essays it approaches multiple issues touching both the historical Jesus himself a pious Jew and the modern phenomenon of Messianic Judaism It bridges the gap between the typically isolated disciplines of Jewish and Christian scholarship and forges a fresh level of understanding across religious boundaries It delves into such issues as the nature and essence of Jesus

message pietistic militant or something of a hybrid and whether Messianic Jews should be welcome in the larger Jewish community Its ultimate challenge is to view sound scholarship as a means of bringing together disparate faith traditions around a common academic table Serious research of the great Nazarene becomes interfaith discourse Justice, Jesus, and the Jews Michael LaVelle Cook, 2003 Does not address the eventual triumph of both Rabbinic Judaism and Gentile Christianity and the corresponding failure of a more Jewish Christianity It centers rather on our common root the Hebrew Bible and the relationship of the Jewish prophet Jesus of Nazareth to his ancestral heritage The correspondence between the Biblical notion of justice and Jesus proclamation of the reign of God raises questions for both Jews and Christians As such it also provides a common ground or lens for Jewish Christian dialogue The hope is that the focus upon justice will deepen that dialogue
