**Context** Sebastian Dullien,Neva Goodwin,Jonathan Harris,Julie Nelson,Brian Roach,Mariano Torras,2017-08-23 Macroeconomics in Context A European Perspective lays out the principles of macroeconomics in a manner that is thorough up to date and relevant to students With a clear presentation of economic theory throughout this latest addition to the bestselling In Context set of textbooks is written with a specific focus on European data institutions and historical events offering engaging treatment of high interest topics including sustainability Brexit the euro crisis and rising inequality Policy issues are presented in context historical institutional social political and ethical and always with reference to human well being This book is divided into four parts covering the following key issues The context of economic analysis including basic macroeconomic statistics and tools The basics of macroeconomic measurements including GDP inflation and unemployment as well as alternative measures of well being and the particular structures of the European economies Methods for analyzing monetary and fiscal policy including an in depth coverage of the instruments and approaches of the European central bank and some coverage of an open economy The application of the tools learnt to selected macroeconomic issues such as the euro crisis the global financial crisis public debt global development and environmental sustainability Far more than any other existing macroeconomic textbook this book combines real world relevance of the topics covered with a strong focus on European institutions and structures within an approach that explains multiple economic paradigms This combination helps to raise students interest in macroeconomics as well as enhance their understanding of the power and limitation of macroeconomic analysis Visit <http://www.bu.edu/eci/education/materials/textbooks/macroeconomics-in-context-a-european-perspective> for online resources for both lecturers and students A video of a panel discussion about the book can be found at

<https://youtu.be/xjHjRW9WP44>      **Microeconomics in Context** Goodwin, Designed for one semester use this innovative principles level text takes a broad contextual approach to economics including serious consideration of ecological feminist and social concerns while still including coverage of the standard microeconomic concepts and models Unlike most microeconomics textbooks which focus exclusively on markets and efficiency this book starts with the question of human well being and then examines how economic activities can contribute to or detract from well being It addresses such critical concerns as ecological sustainability distributional equality the quality of employment and the adequacy of living standards Like its companion volume Macroeconomics in Context this text includes discussions of historical institutional political and social factors that encourage students to engage with the subject matter An Instructor's Resource Manual Test Bank and Student Study Guide are available on the authors website for instructors who adopt the text      **Macroeconomics in Context** Neva R. Goodwin, Jonathan M. Harris, Julie A. Nelson, Pratistha Joshi Rajkarnikar, Brian Roach, Mariano Torras, 2022-12-23 4th edition has more emphasis on inequality ownership structures financialization the changing nature of work and global as well as economy wide change and uncertainty Several chapters include discussion on the impacts of COVID 19 on economic well being and other macroeconomic outcomes like health and labour markets General updates including new data new exercises and discussion questions The first three chapters of 3rd edition have now been condensed to two chapters in the 4th edition Differs from other principles books on the market in its pluralist approach It covers everything the student needs to know whilst also placing issues in their historical institutional social political and ethical context Introduces students to different schools of thought in economics Perspectives include neoclassical economics Keynesian economics ecological economics institutional economics and feminist economics Logical building block structure providing student with a clear sequential approach to macroeconomic models Companion website with student study guide PPT slides and teaching materials including test bank      [Study Guide to Accompany Macroeconomics](#) Robert B. Ekelund, Jr., 1997-02      [Study Guide to Accompany Principles of Macroeconomics, First Canadian Edition](#) Fortura, Peter, Shahram Manouchehri, 1999      **Essentials of Economics in Context** Neva Goodwin, Jonathan M. Harris, Pratistha Joshi Rajkarnikar, Brian Roach, Tim B. Thornton, 2024-09-25 Essentials of Economics in Context is specifically designed to meet the requirements of a one semester introductory economics course that provides coverage of both microeconomic and macroeconomic foundations It addresses current economic challenges paying specific attention to issues of inequality globalization unpaid work technology financialization and the environment making the text a genuine 21st century introduction to economics Aspects of history institutions gender ethics and ecology are integrated throughout the text and economic analysis is presented within broader themes of human well being and social and environmental sustainability Theoretical expositions in the text are kept close to reality by integrating numerous real world examples and by presenting the material in the recognized accessible and engaging style of this experienced author team Key features include a brand

new chapter devoted entirely to economic inequality up to date discussions of the impacts of the COVID 19 pandemic on labor markets inflation and beyond an inclusive approach to economics where the economy is analyzed within its social and environmental context including a greater focus on topics outside of the United States a focus on goals of human well being stability and sustainability instead of solely focusing on market activities This text is the ideal resource for one semester introductory economics courses globally The book s companion website is available at [www.bu.edu/eci/essentials](http://www.bu.edu/eci/essentials) **Study Guide for Use with Macroeconomics, First Canadian Edition** De Long, J.
