experiences which ensure successful outcomes whatever market you may operate in Section four examines how companies manage their customer experiences once they have made the strategic decision to provide them and section five looks at methods available to evaluate the success of these customer experiences Experiential marketing changes everything claim the management gurus but is it really so significant that not joining this race is dangerous The last section of the book offers a much needed critique of experiential marketing *Hospitality* ,2008 *The Guardian Index* ,2003 *Autocar* ,2000
