20,000 Leagues Under the Seas Jules Verne,2013-12-27 The classic Jules Verne science fiction story about the adventures of three men who unwillingly become part of the crew of the Nautilus the incredibly advanced submarine of Captain Nemo Unlike the Disney movie this novel contains much more about the oceans and the life under the surface than it does in giant squid fights although that is in the book as well Careful readers will note that the title of this edition reflects the original Verne title using the word Seas This refers to the many different seas in which they travel Though portrayed as a sort of megalomanic Nemo is actually a tortured man who lost his family and is haunted by their loss Prof Aronnax the key character both admired and loathes the man for his scientific creations and his cold hearted attacks on surface ships This is a fascinating book and is another example of how far advanced Verne's level of thinking was for his time Text was taken from an original French edition illustrations from a later printing 20000 Leagues Under the Sea Jules Verne, 2019-04-14 Twenty Thousand Leagues Under the Sea A Tour of the Underwater World During the year 1866 ships of several nations spot a mysterious sea monster which some suggest to be a giant narwhal The United States government assembles an expedition in New York City to find and destroy the monster Professor Pierre Aronnax a French marine biologist and narrator of the story who happens to be in New York at the time receives a last minute invitation to join the expedition which he accepts Canadian whaler and master harpoonist Ned Land and Aronnax s faithful servant Conseil are also brought aboard The expedition departs Brooklyn aboard the United States Navy frigate Abraham Lincoln and travels south around Cape Horn into the Pacific Ocean After a long search the ship finds the monster and then attacks the beast which damages the ship s rudder The three protagonists are then hurled into the water and grasp hold of the hide of the creature which they find to their surprise to be a submarine very far ahead of its era They are quickly captured and brought inside the vessel where they meet its enigmatic creator and commander Captain Nemo The rest of the story follows the adventures of the protagonists aboard the creature the submarine the Nautilus which was built in secrecy and now roams the seas free from any land based government Captain Nemo s motivation is implied to be both a scientific thirst for knowledge and a desire for revenge upon and self imposed exile from civilization Nemo explains that his submarine is electrically powered and can perform advanced marine biology research he also tells his new passengers that although he appreciates conversing with such an expert as Aronnax maintaining the secrecy of his existence requires never letting them leave Aronnax and Conseil are enthralled by the undersea adventures but Ned Land can only think of escape They visit many places under the ocean some real world and

others fictional The travelers witness the real corals of the Red Sea the wrecks of the battle of Vigo Bay the Antarcticice shelves the Transatlantic telegraph cable and the legendary submerged land of Atlantis The travelers also use diving suits to hunt sharks and other marine life with air guns and have an underwater funeral for a crew member who died when an accident occurred under mysterious conditions inside the Nautilus When the Nautilus returns to the Atlantic Ocean a pack of poulpes usually translated as a giant squid although in French poulpe means octopus attacks the vessel and kills a crew member Throughout the story Captain Nemo is suggested to have exiled himself from the world after an encounter with the forces that occupied his country that had devastating effects on his family Not long after the incident of the poulpes Nemo suddenly changes his behavior toward Aronnax avoiding him Aronnax no longer feels the same and begins to sympathize with Ned Land Near the end of the book the Nautilus is attacked by a warship of some nation that had made Nemo suffer Filled with hatred and revenge Nemo ignores Aronnax s pleas for mercy Nemo nicknamed angel of hatred by Aronnax destroys the ship ramming it just below the waterline and consequently sinking it into the bottom of the sea much to Aronnax s horror as he watches the ship plunge into the abyss Nemo bows before the pictures of his wife and children and **Twenty Thousand Leagues Under the Sea** Jules Verne, 1909 The adventures of a French professor and his two companions as they sail above and below the world's oceans as prisoners on the fabulous electric submarine of the deranged Captain Nemo
