Medicine Darrell M. West,Edward Alan Miller,2009-09-01 Information technology has dramatically changed our lives in areas ranging from commerce and entertainment to voting Now policy advocates and government officials hope to bring the benefits of enhanced information technology to health care Already consumers can access a tremendous amount of medical information online Some physicians encourage patients to use email or web messaging to manage simple medical issues Increasingly health care products can be purchased electronically Yet the promise of e health remains largely unfulfilled Digital Medicine investigates the factors limiting digital technology s ability to remake health care It explores the political social and ethical challenges presented by online health care as well as the impact that racial ethnic and other disparities are having on the e health revolution It examines the accessibility of health related websites for different populations and asks how we can close access gaps and ensure the reliability and trustworthiness of the information presented online Darrell West and Edward Miller use multiple sources including original survey research and website analysis to study the content sponsorship status and public usage of health care related websites as well as the relationship between e health utilization and attitudes about health care in the United States They also explore the use of health information technology in other countries The result is an important contribution to our understanding of health information innovation in America and around the world *Ercilla* ,2006 **Bibliografía española** ,2006-07 **Bioterrorism and Political Violence** M. Sandra Wood,2024-11-15 The Internet can be a bewildering maze of information often from questionable sources This book points the way to reliable information on bioterror Since the September 11 attacks there has been an unparalleled demand for information on bioterrorism Bioterrorism and Political Violence Web Resources is an ideal guide for people around the world who are turning to the Internet to find that information This essential book provides you with comprehensive listings of many helpful websites focusing on those run by government agencies professional organizations and educational institutions Because of the dynamic nature of the Internet Bioterrorism and Political Violence Web Resource also gives you tips on searching for other useful sites It examines sites covering the full spectrum of concerns from anthrax and hate crimes to nuclear terrorism and disaster preparedness Bilingual resources and ways to help children cope with our rapidly changing world are also highlighted throughout It s been said that information is the best defense and with this book you ll be able to find the information you need Bioterrorism and Political Violence Web Resources will also show you how to find reliable information on related topics including post traumatic stress disorder terms and issues related to terrorism in the Middle East sites that honor the victims of the September 11 attacks dealing with bereavement and grief the psychological impacts of terrorism **Diccionario de Informatica, Telecomunicaciones y Ciencias Afines/Dictionary of Computing, Telecommunications, and Related Sciences** Mario León,2004 Este diccionario que engloba unas 83 000 entradas casi 10

000 abreviaturas y unas 6 000 definiciones y aclaraciones es el resultado de la experiencia recopilada durante los últimos 20 años en la traducción técnica especializada en la materia y de la consulta de las principales obras aparecidas recientemente en el mercado sobre estos temas así como de la explicación y resolución de muchas dudas por ingenieros expertos y aplicadores de técnicas y sistemas del sector. Está destinado a técnicos expertos traductores profesionales y en general a toda persona que se relacione con la informática la electrónica o las telecomunicaciones utilizando ambos idiomas. El diccionario justifica su carácter político porque se han añadido numerosos términos de ramos afines y especializados como por ejemplo telefonía electromedicina telegrafía sistemas de armas radiactividad informática termoelectricidad radiodifusión nuclear televisión electricidad técnicas de detección magnetismo espectrografía etc
