

High School Sports

High school sports can influence every student in a different way. I am influenced greatly by high school sports because they have helped me achieve a verity of things in a short period of time. Athletes like me are able to get the most out of their high school years because we can make memories without doing bad things. Most of all students learn how to manage school work, how to be a role model and build character for a life time.

Grades are important no matter if students are in sports or not. Students have to realize in order to play a sport they have to keep their grades up. This helps the kids stay on task in class and keep them out of trouble. With more pressure on the students to do good kids have to learn how to manage their time. For instance if they have seminar they learn to stay busy and not do unproductive things. Students out for sports may have a better chance at getting help. Like if their practice doesn't start right after school they can get help after school or if their friend is in the sport they can get help from them also. I have learned with being in basketball that staying after school can help me accomplish the homework that I am having trouble with.

All kids look up to their high school sports teams. When they go to a Friday night football game they are there playing with their friends discussing how cool it's going to be when they get that old. Young kids watch their older bothers and sisters and see that they are having fun makes them want to go out for it. That is why it is important for students to try their hardest in sports. I know when I was young I liked to see how fast the players would run up and down the floor. Teamwork is one thing that will help keeps the team together and hopefully leads to winning.
