

Wax Museum

Name: Jennifer Madrone

Date: 6-26-08

Title of Lesson: Wax Museum

Type of Lesson: Improvisation/Concentration

Age Range: 2nd-5th

Length of Time: 20-25 minutes

Materials: optional

National Goals: #2 The learner will act by interacting in improvisations and assuming roles.

Specific Objectives: utilize The students will develop skills to identify characters, explore character development and concentration and improvisational skills.

Procedures:

1. Explain to the students that they are all statues in a wax museum. You, the teacher, are the curator.
2. Explain what a curator is and explain the concept of a museum if there are any that do not know what one is.
3. Explain that in the beginning, when the curator is in the room the statues do not move or speak.
4. Once the curator leaves the room, the statues come alive and interact with one another.
5. When the curator re-enters the room, the statues all freeze in their current position and location.
6. The curator reacts to these changes and may even begin to correct the obvious problems that have occurred while he/she was out. Some comments:
"How could this have happened? My statues must be melting. I need to turn up the air condition."
7. The statues are now allowed to move while the curator is in the room, but you must not get caught. If at any time the curator sees you move, you are out and must remove yourself from the game.
8. The last statue standing is the winner and becomes the curator for the next round.

This game can be used to discover character work, specific time or settings.

drama or puppetry or a podcast as opposed to the goal of performance and by infusing the arts with curriculum objectives in story or research these techniques can intensify a child's learning and provide context for classroom curriculum objectives A discussion of the affective and academic benefits of this process based work as well as sample lessons are included Photographs and examples of student work illustrate the techniques Grades K-8 *Reading for Action* Ashley S. Boyd, Janine J. Darragh, 2019-06-05 This book illustrates how teachers can draw upon young adult literature to facilitate students' social action Each chapter centers on one novel that represents a contemporary topic including police brutality women's rights ecojustice and bullying In each authors provide pre during and after reading strategies for teaching that connect the social issues in the texts to students' lives and to the world around them They then offer a multitude of avenues for student action emphasizing the need to move readers from understanding and awareness to asserting their own agency and capacities to effect change in their local national and global communities In addition to methods for scaffolding students' analysis of texts and topics authors also offer a plethora of additional resources such as documentaries canonical companions for study connected music and supplementary lesson plans *Building Peace in America* Emily Sample, Douglas Irvin-Erickson, 2020-07-22 America may not be at war but it is not at peace Recent public and political rhetoric have revealed the escalation of a pervasive and dangerous us versus them ideology in the United States This powerful book is motivated by the contributors' recognition of continuing structural violence and injustice which are linked to long standing systems of racism social marginalization xenophobia poverty and inequality in all forms Calls to restore America's greatness are just the most recent iteration of dehumanizing language against minority communities The violation of the civil and human rights of vulnerable groups presents a serious threat to American democracy These deeply rooted and systemic inequities have no easy solutions and the destructive nature of today's conflicts in America threaten to impede efforts to build peace promote justice and inspire constructive social change Acknowledging the complexity of building peace in the United States this volume represents the first step in envisioning a more just peaceful country from the grassroots to the highest levels of leadership The editors have brought together a diverse group of scholars conflict resolution practitioners civil society leaders community peacebuilders and faith leaders who are committed to pro social change Collectively they examine how best to understand the current issues deescalate destructive public rhetoric undermine the us versus them polarity and support those currently working for positive change Together the contributors share experiences and perspectives on the past present and future of peacebuilding develop a vision for how we can collectively respond in our communities campuses and congregations and catalyze action during this pivotal moment in America *The School Library Manager* Blanche Woolls, Joyce Kasman Valenza, April M. Dawkins, 2023-06-15 The seventh edition of this comprehensive school library management text expands upon the role of the school librarian especially in the ever growing digital realm and highlights the importance of school librarian leadership and outreach In an era of budget cuts reduced staffing and a global pandemic it's

more important than ever for new LIS professionals and established school librarians and administrators to demonstrate the value of school libraries to decision makers This revised and updated edition of a classic text adds two well known authors to help lead readers through the many essential management tasks and skills required to administer the successful school library program It emphasizes the importance of the school librarian in providing digital access to information for teachers and students describes how facilities are being modified to accommodate new resources and programming and offers new ways to use AASL standards to evaluate programs All chapters are updated and the text addresses such timely subjects as providing information resources when students teachers and librarians are interacting online A new chapter highlights the importance of the school librarian s leadership in schools districts and communities This invaluable textbook teaches practical skills for school library management and offers inspiration and guidance for growing LIS careers

The American Poetry Wax Museum Jed Rasula,1996 Drawing upon literary criticism cultural studies and social history this book examines the canonizing assumptions and compulsions that have fabricated an image of American poetry since World War II foremost of which is the enshrinement of the self expressive subject The tone of the book oscillates between documentary and polemic in an attempt to preserve the tensions that underlie the field of American poetry and which are typically subdued by anthologists and glossed over by commentators The first chapter offers a theoretical scaffolding

intended to contextualize following chapters and to invite other poets and critics to consider what it means to assemble and police a national canon of poetry Subsequent chapters examine scholarship on contemporary American poetry the cultural politics of publication and reviewing which excludes women people of color and gays and lesbians from many poetry anthologies and poetry in the academy and the role of the poetry workshop Ten appendixes list American poetry anthologies most anthologized poets number of anthology appearances poets by birthdate first anthology appearances anthologies in translation prizes and awards results of a search of the MLA bibliography on CD ROM critical discussions of American poets and interviews collections of poets essays RS **Keys to Successful 21st Century Educational Leadership** Michael Jazzar, Robert Algozzine, 2007 Accessible engaging and highly acclaimed as the sole book of its kind *Keys To Successful 21 st Century Educational Leadership* presents critical lessons to transform individuals into visionary educational leaders that are skillful agents with ethical credibility This is an original book represents perspectives derived from years of research and the authors' unique partnership and practical experience providing guidance for effective educational leadership in public and private schools and successful preparation of competent educational leaders *Keys to Successful 21 st Century Educational Leadership* is a book that will find its place on the desks of practicing educational leaders to aid them in meeting the numerous and unexpected educational challenges they face everyday *Teaching Young Children a Second Language* Tatiana Gordon, 2007 The last two decades have yielded some important research on how first and second generation immigrant children live and study in the United States In particular there are some significant findings that concern young children's second language development This book provides an overview of recent linguistic and methodological research and examines the ways in which new theoretical findings can inform classroom practice Gordon is particularly concerned with ways of rendering instruction intellectually challenging and exciting in the primary level ESL classroom World History: Connections to Today Elisabeth Gaynor Ellis, Pearson/Prentice Hall, 2003-12 Resources in Education ,1996

Select Notes: a Commentary on the International Lessons for 1895 ... Francis Nathan Peloubet, 1894

Peloubet's Select Notes on the International Bible Lessons for Christian Living Alice Peloubet Norton, 1894 **Title News** ,1967 Includes proceedings of the association's annual convention **The Science Teacher** ,1978 Some issues are accompanied by a CD ROM on a selected topic *Once Upon an American Dream* Andrew Lainsbury, 2000 Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine

Europe's love-hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it. *Once Upon an American Dream* is a story of global capitalism on a grand scale. Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty's Castle. He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment. Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France, how political negotiations affected its design and development, how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia. He reveals what it took to win back the hearts of skeptical Europeans such as serving wine, selling flashy merchandise and placating disgruntled workers. Finally, he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty-first century. Ultimately, Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism, by needing to be responsive to consumers, is so complex that it may not be as monolithic as feared. *Once Upon an American Dream* is a fairy tale for our times, reminding us that for all the critical huffing and puffing, the creation and marketing of pleasure is what Euro Disneyland is all about.
