Manufacturing Database Management and Knowledge Based Expert Systems Paul G. Ranky, 1990 Guide to U.S. Foundations, Their Trustees, Officers, and Donors , 1994 Learning Computer Numerical Control Michael Janke, 1992 Most training in numerical control today is done on the job Machinists and machine operators learn how to run CNC machines from more experienced machinists who show them techniques for operating setting up and programming These techniques are introduced in a logical sequence this book attempts to parallel that method as much as possible Information is first provided on how to operate a machine and then how to program it so that much of the initial

bewilderment that occurs when learning numerical control is eliminated This introductory CNC text is positioned for use in hands on training situations emphasizing CNC tooling and set up entry level programming and industry standard controls and programmes
