author's story is about a young woman's odyssey of triumph and sorrow and her journey to find herself again. Before her diagnosis, she was a beautiful, compassionate young woman who excelled in both athletics and academics. After her diagnosis, she gained more than 120 pounds due to health issues, sick children, psychiatric hospitalizations, and unsuitable medications. She became depressed, self-consuming, and bitter. The debilitating depression and hauntingly real hallucinations forever impacted the way she sees life and how life sees her. Her faith in God proved to be her ultimate anchor through her heart-wrenching circumstances. After admission to solitary confinement due to hallucinations, she experienced an even more profound depression. The white walls, barred windows, cold cement floors, and white bedding only exacerbated my feelings of isolation and left me swirling downward in an even deeper depression. However, the Lord's unconditional love has allowed her to walk on the bright side once again. She overcame all the odds to become the woman she longed to be. She has attained the serenity one reaches when they've been to the very end, beyond hope, yet made it back.

When the Bough Breaks Denise Brauer, Michelle Brauer, 2016-02-20. The Brauer family would have described themselves as conventional and nondescript until Barbara, a devoted wife and mother, suddenly developed bipolar disorder. She was 45 and otherwise in good health but plunged into depression so quickly that she slit her own throat before anyone suspected the gravity of the situation. This book is about the year in which the family struggles to find treatments, trying to recover the woman they loved from the abyss of mental illness. *When the Bough Breaks*, co-authored by the Brauer sisters, is a memoir about the painful year in their adolescence when their mother is diagnosed with manic depression. They are the statistics come to life: research about girls experiencing family problems who are more likely to experience depression, use drugs, experiment with sex, and struggle with eating disorders. Survivors of suicide often feel like this subject is one of the last taboos in our society and they can feel uncomfortable discussing the loss of a loved one to suicide. This book attempts to breach this divide by sharing one story from the perspective of teenagers who lived through it.
