The primary emphasis is on learning through experiences requiring children to use their senses. There are 7 unit plans, collections of activities which can be used to teach a concept based on a chosen subject, and corresponding daily lesson plans which use some of the suggested activities from the unit plan to structure a day's activities. Each lesson plan lists goals, behavioral objectives, materials needed, and learning activities. Also included are annotated bibliographies of preschool children's books, preschool curriculum materials, audiovisuals, and other teaching materials. **Nutrition and the Elderly** Shirley King Evans, 1990 *Nutrition Education for Preschoolers*, 1984 **Building a Language-focused Curriculum for the Preschool Classroom: A**
