Let The Great World Spin:

Let the Great World Spin Colum McCann, 2009-11-30 NATIONAL BOOK AWARD WINNER Colum McCann's beloved novel inspired by Philippe Petit's daring high wire stunt which is also depicted in the film *The Walk* starring Joseph Gordon Levitt. In the dawning light of a late summer morning the people of lower Manhattan stand hushed staring up in disbelief at the Twin Towers. It is August 1974 and a mysterious tightrope walker is running dancing leaping between the towers suspended a quarter mile above the ground. In the streets below a slew of ordinary lives become extraordinary in bestselling novelist Colum McCann's stunningly intricate portrait of a city and its people. *Let the Great World Spin* is the critically acclaimed author's most ambitious novel yet a dazzlingly rich vision of the pain loveliness mystery and promise of New York City in the 1970s. Corrigan a radical young Irish monk struggles with his own demons as he lives among the prostitutes in the middle of the burning Bronx. A group of mothers gather in a Park Avenue apartment to mourn their sons who died in Vietnam only to discover just how much divides them even in grief. A young artist finds herself at the scene of a hit and run that sends her own life careening sideways. Tillie a thirty eight year old grandmother turns tricks alongside her teenage daughter determined not only to take care of her family but to prove her own worth. Elegantly weaving together these and other seemingly disparate lives McCann's powerful allegory comes alive in the unforgettable voices of the city's people unexpectedly drawn together by hope beauty and the artistic crime of the century. A sweeping and radical social novel *Let the Great World Spin* captures the spirit of America in a time of transition extraordinary promise and in hindsight heartbreaking innocence. Hailed as a fiercely original talent *San Francisco Chronicle* award winning novelist McCann has delivered a triumphantly American masterpiece that awakens in us a sense of what the novel can achieve confront and even heal. Praise for *Let the Great World Spin* This is a gorgeous book multilayered and deeply felt and it's a damned lot of fun to read too. Leave it to an Irishman to write one of the greatest ever novels about New York. There's so much passion and humor and pure life force on every page of *Let the Great World Spin* that you'll find yourself giddy dizzy overwhelmed. Dave Eggers. Stunning an elegiac glimpse of hope. It's a novel rooted firmly in time and place. It vividly captures New York at its worst and best. But it transcends all that. In the end it's a novel about families the ones we're born into and the ones we make for ourselves. USA Today. The first great 9/11 novel. We are all dancing on the wire of history and even on solid ground we breathe the thinnest of air. *Esquire*. Mesmerizing a Joycean look at the lives of New Yorkers changed by a single act on a single day. Colum McCann's marvelously rich novel weaves a portrait of a city and a moment dizzyingly satisfying to read and difficult to put down. *The Seattle Times*. Vibrantly whole. With a series of spare gorgeously wrought vignettes Colum McCann brings 1970s New York to life. And as always McCann's heart stoppingly simple descriptions wow. *Entertainment Weekly*. An act of pure bravado dizzying proof that to keep your balance you need to know how to fall. *O The Oprah Magazine*. *Let the Great World Spin* Colum McCann, 2009-06-23 NATIONAL BOOK AWARD WINNER Colum McCann's beloved novel inspired by Philippe Petit's daring

Trauma and Recovery in the Twenty-First-Century Irish Novel Kathleen Costello-Sullivan, 2018-05-07 The desire to engage and confront traumatic subjects was a facet of Irish literature for much of the twentieth century Yet just as Irish society has adopted a more direct and open approach to the past so too have Irish authors evolved in their response to and literary uses of trauma In Trauma and Recovery in the Twenty First Century Irish Novel Costello Sullivan considers the ways in which the Irish canon not only represents an ongoing awareness of trauma as a literary and cultural force but also how this representation has shifted since the end of the twentieth and beginning of the twenty first century While earlier trauma narratives center predominantly on the role of silence and the individual and or societal suffering that traumas induce twenty first century Irish narratives increasingly turn from just the recognition of traumatic experiences toward exploring and representing the process of healing and recovery both structurally and narratively Through a series of keenly observed close

readings Costello Sullivan explores the work of Colm Tóibín John Banville Anne Enright Emma Donohue Colum McCann and Sebastian Barry In highlighting the power of narrative to amend and address memory and trauma Costello Sullivan argues that these works reflect a movement beyond merely representing trauma toward also representing the possibility of recovery from it Understanding Colum McCann John Cusatis,2012-08-24 The first critical approach to the literary career of the 2009 National Book Award winner Understanding Colum McCann chronicles the Irish born writer's journey to literary celebrity from his days as a teenage sportswriter for the Irish Press in the 1970s through the publication of his award winning first story *Tresses* in 1990 to his winning the 2009 National Book Award in fiction for the international bestseller *Let the Great World Spin* In this first critical study of McCann's body of work John Cusatis provides an introduction to McCann's life and career an overview of his major themes style and influences and close readings of his two short story collections and five novels Cusatis traces McCann's redefinition of the Irish novel exploring the author's propensity for transcending aesthetic cultural ethnic geographical and social boundaries in his ascent from the status of Irish novelist to international novelist In the process this study illuminates the various incarnations of McCann's perennial subject exile both geographical and emotional Cusatis also delineates how the influences of McCann's Irish upbringing penchant for international travel and exhaustive and eclectic reading of literature manifest themselves in his fiction Close attention is given to McCann's stylistic trademarks such as his poetic voice use of Christian symbolism Irish and classical mythology intertextuality multiple viewpoints nonlinear plot structure and the merger of what McCann deems factual truth and textual truth Understanding Colum McCann makes use of the existing body of published interviews profiles and critical articles as well as a decade of correspondence between Cusatis and McCann With international interest in McCann on the rise this first full length study of his career to date serves as an ideal point of entrance for students scholars and serious readers and offers the biographical and critical foundation necessary for a deeper understanding of McCann's fiction *The City Since 9/11* Keith Wilhite,2016-03-04 Charting the intersection of aesthetic representation and the material conditions of urban space *The City Since 9/11* posits that the contemporary metropolis provides a significant context for reassessing theoretical concerns related to narrative identity home and personal precarity In the years since the September 11 attacks writers and filmmakers have explored urban spaces as contested sites shaped by the prevailing discourses of neoliberalism homeland security and the war on terror but also haunted by an absence in the landscape that registers loss and prefigures future menace In works of literature film and television the city emerges as a paradoxical space of permanence and vulnerability and a convergence point for anxieties about globalization structural inequality and apocalyptic violence Building on previous scholarship addressing trauma and the spectacle of terror the contributors also draw upon works of philosophy urban studies and postmodern geography to theorize how literary and visual representations expose the persistent conflicts that arise as cities rebuild in the shadow of past ruins Their essays advance new lines of argument that clarify art's role in contemporary

debates about spatial practices gentrification cosmopolitanism memory and history nostalgia the uncanny and the abject postmodern virtuality the politics of realism and the economic and social life of cities The book offers fresh readings of familiar post 9 11 novels such as Jonathan Safran Foer's *Extremely Loud & Incredibly Close* but it also considers works by Teju Cole Joseph O'Neill Silver Krieger Colum McCann Ronald Sukenick Jonathan Lethem Thomas Pynchon Colson Whitehead Paul Auster William Gibson Amitav Ghosh and Katherine Boo In addition *The City Since 9 11* includes essays on the films *Children of Men* *Hugo* and the adaptation of *Extremely Loud & Incredibly Close* chapters on the television series *The Bridge* *The Killing* and *The Wire* and an analysis of Michael Arad's *Reflecting Absence* and the 9 11 Memorial

Memory and Latency in Contemporary Anglophone Literature Yvonne Liebermann, 2023-06-06 Up until fairly recently memory used to be mainly considered within the frames of the nation and related mechanisms of group identity Building on mechanisms of inclusion and exclusion this form of memory focused on the event as a central category of meaning making Taking its cue from a number of Anglophone novels this book examines the indeterminate traces of memories in literary texts that are not overtly concerned with memory but still latently informed by the past More concretely it analyzes novels that do not directly address memories and do not focus on the event as a central meaning making category Relegating memory to the realm of the latent that is the not directly graspable dimensions of a text the novels that this book analyses withdraw from overt memory discourses and create new ways of remembering that refigure the temporal tripartite of past present and future and negotiate what is memorable in the first place Combining the analysis of the novels overall structure with close readings of selected passages this book links latency as a mode of memory with the productive agency of formal literary devices that work both on the micro and macro level activating readers to challenge their learned ways of reading for memory

9/11 in European Literature Svenja Frank, 2017-11-28 This volume looks at the representation of 9 11 and the resulting wars in European literature In the face of inner European divisions the texts under consideration take the terror attacks as a starting point to negotiate European as well as national identity While the volume shows that these identity formations are frequently based on the construction of two Others the US nation and a cultural ethnic idea of Muslim communities it also analyses examples which undermine such constructions This much more self-critical strand in European literature unveils the Eurocentrism of a supposedly general humanistic value system through the use of complex aesthetic strategies These strategies are in itself characteristic of the European reception as the Anglo Irish British Dutch Flemish French German Italian and Polish perspectives collected in this volume perceive of the terror attacks through the lens of continental media and semiotic theory
