Michelangelo And The Pope S Ceiling:

Michelangelo and the Pope's Ceiling Ross King, 2014-10-14 Recounts Michelangelo's creation of his masterpiece the ceiling of the Sistine Chapel from his commission from Pope Julius II through the artist's four years of work to the final acclaim at the paintings 1512 unveiling *Michelangelo and the Popes Ceiling(Signed)* Ross King, 2002-10-01 *The Faun in the Garden: Michelangelo and the Poetic Origins of Italian Renaissance Art* , **Michelangelo and the Sistine Chapel** Andrew Graham-Dixon, 2009-02-02 You cannot stand underneath the masterwork that is the Sistine Chapel without considering the genius and painstaking work that went into its creation Michelangelo Buonarroti never wanted to paint the Sistine Chapel though Appointed by the temperamental Julius II Michelangelo believed the suspiciously large scale project to be a plot for failure conspired by his rivals and the Warrior Pope After all Michelangelo was not a painter he was a sculptor The noble artist reluctantly took on the daunting task that would damage his neck back and eyes if you have ever strained to admire the real thing you know Andrew Graham Dixon tells the story behind the famous painted ceiling over which the great artist painfully toiled for four long years Linking Michelangelo's personal life to his work on the Sistine Chapel Graham Dixon describes Michelangelo's unique depiction of the Book of Genesis tackles ambiguities in the work and details the painstaking work that went into Michelangelo's magnificent creation Complete with rich full color illustrations and Graham Dixon's articulate narrative Michelangelo and the Sistine Chapel is an indispensable and significant piece of art criticism It humanizes this heavenly masterpiece in a way that every art enthusiast student and professional can understand and appreciate **Michelangelo: Faces and Anatomy in His Art** Sue Tatem, 2010-11-24 There is no available information at this time Author will provide once available **Michelangelo, Selected Scholarship in English: The Sistine Chapel** William E. Wallace, 1995 Accessible to readers useful to specialists Much as has been written on Michelangelo By 1970 the number of scholarly books and articles exceeded 4 000 approximately a tenth in English In the past 25 years the literature has grown exponentially with a notable increase in English language publications The five volume series reproduces some 100 articles in English selected from a broad range of books and journals The collection is both accessible to the general reader and useful to the specialist offering a representative sample of old and new commentary on the artist and his work The career of a genius Articles are arranged chronologically with separate volumes covering the artist's early life and works the Sistine Chapel ceiling commission associated with San Lorenzo the tomb of Julius II and other Roman projects and a final volume devoted to drawings poetry and miscellaneous studies Spanning his entire 89 year life the articles explore Michelangelo's prodigious creativity as an artist thinker and poet The sheer quantity of what has been written on Michelangelo can be intimidating most students have little sense of how to approach or effectively utilize the vast literature By presenting a varied introduction to a great artist this collection is a handy reference tool for a wide array of topics problems and literature Michelangelo Lilian H.
